Phillips will marry and, in another goint oc controversy, the will you to doly her cavality
officer husband. Too bad for women's libher, but the is on record as suying the does
not subscribe to their ideals.
Framy, ... but it seems only sestering
that the judtures are judy to the princess of the
husband of the first-born of Queen Elizabeth and her
husband, Phillip Duke of Edinburgh.

Last Days

The melanchly clouds overhead- and the wetness of the desolate bushland round about heightenefith sense of gloon as we watched workers' cars swing out of the Canada Cement-Latarge plant at Paint Anna the other day.

The control of company houses now being consulted they went, leaving only a few vehicles in the parking lot after the 4.30 xm. multime thing.

p.m. quitting time.

The familiar smoke-pall from the plant's stacks no longer drifts over the bay and final closure is scheduled for this week-

As we watched there was all the hum of machinery—likely from the filtration plant and pump house which will continue to serve some 45 private households until to serve some 45 private households until a alternative supply to the plant, rom the corner grocery past homes and churches, was quiet. Two printil gittis, a carrier boy with his load of papiers, a large 81. Bernard with the load of papiers, a large 81. Bernard with the greyness of this latter-day Point Anna attermone.

Anne alternoon

The ghosts of a past when times were
busy, when people played tennis and the
athletic field was active, seemed to past in
procession along the now-altent road of departure. If there is to be a new beginning for
Point Anne, it was not immediately apparent on this overcast October day.

Contradictions

"Such polite trenagers!" This was the experience of a young housewife out shop-ping with her three-year-old daughter one day last week.

day last week. She was referring to the number of times, and they were several, that Belleville's teen boys opened or, held doors for her in the course of an atternoon's shopping.

Not such a happy experience — and this has happened to most of us — was trying to get across Frannacle at the podestrian walk near Market Square.

near Morket Square.

4 major technological advances make Panasonic Quatrecolor beautiful watching.

And Panasonic makes many beautiful ways to watch it.

Each beautiful Quatrecolor TV has four major advances built right in. To make sure you get the finest, most brilliant TV picture available right now. And continue to get if for years to come.

And continue to get it for years to come.

1. Modular Chassis. Every Panasonic Quatrecolor

TV has components on five modular boards. Each
mensangs out for faster, less expensive replacement.

If it's ever, necessary, that is.

2. 100% Solid State Circuity. For cooler performance that's more reliable. Because cool components
performed to the components of the components

the only tube is the picture tube.

3. Black Markr Picture Tube. For a bright, clear, life-like color picture. And Ultra Pana-Matrix Picture Tube in all 26° Quatecolor models. Combining super negative guard band black matrix and new phosphor application process tocreate a picture over 50% brighter than any 26° Panasonic you've ever seen before.

seen before.

4. Q-Lock One pushbution adjusts color, tint, contrast and brightness all at the same time. And even compensates automatically for changes from channel to channel and programme to programme. In addition, manual controls allow adjustment for personal viewing preference.

A beautiful TV picture in beautifully designed cabinets. We've shown just four Your Panasoule dealer can appreciases. From 18" and 20" portables to magnificent 26" consoles, including one with

remote control. Panasonic Quatrecolor is well worth looking into.

oking into.
anasonic is beautiful watching in black and white, too.
From an innovative desk model with a 3" pop-up From an innovative desk moder with a 3. poly-screen, to a grand 20° portable, Panasonic makes Black and White TV beautiful to watch. Some in very colorful cabinets, Some with Set-and-Forget tuning, Some that are 100% solid state. Some that operate on AC and DC. Most with Speed-O-Vision. And one comes with an FM/AM radio, another with

a built-in cassette recorder

And like all Panasonic TV they're made to look beautiful, on or off. Ask your Panasonic dealer to show you Panasonic, in black and white.

TONY MELNYK, MANAGER

CCC REALTY CREDIT LIMITED

2N 1974 ouelle

Never before has so much worked so well.

In designing the Super Brute, a our idea was simply to make a machine that would perform better; and that would go on performing better, longer. So we put in power. A front-mounted Sachs engine. A new transmission, with heavy-duty chain and a double-sprockut free-wheeling track drive, for minimum

wheeling tack view, for immunity owner loss.

We built in lightness, with an allpluminum chassis with race-proven
ront-end structure,
Balance, with new

Comfort, with a slide suspension adjustable for your weight and snow conditions, and a posture-contoured foam seat.
We devised a Track under the state of the sta

And looked so good.

Ask engineers for performance, reliability, accessibility, long life, extecters, and you don't necessarily expect the greatest looking maching you can be supported to the support of the

Radial Tires can be a new experience in driving. They roll more freely, and, under test, are reported to a saye ago, outware rloss to 2 sets of ordinary resist and rareds nuncture. Many drivers claim they are the greates! But they are not everyone's cup of tea. They have a different feel.

JR78/15 LR78/15

Therefore a 'try before you buy' approach is recommended. Then, if you prefer the old 'feel', ask your Canadian Tire serviceman to remove the trial Radials and return the price you paid for them. (Note: Labor charges—installation, balancing etc.—are not refundable.) Trial period is 10 days.

Use your Canadian Tire CREDIT CARD

Helping you to a better understanding of nutrition

Joan Fielden Says:

In today's busy life type it is difficult tode sure
every member of the family is well-fed.

Therefore, it is important to select a waited diet;
one which includes nutriously! well and every generate surriously with an ocrasil produced to the select and the select and the select and the select and the selection in other foods.

Fen more information wire Izona Fielden—

Scenic Route Changes

Who would have predicted the commercial and environmental changes now how the second with the second second with the second second with the second with

The full impact of the pollution and iratio factors inherent in these develop-ped in the pollution and iratio factors in the considerable. It is something both government, and concerned citizens must watch closely, the better to preserve other arms of natural beauty from undue com-mercial development.

Auto Insurance

Auto Insurance
As a possible alternative to governmentperated "no-fault" insurance an insurance,
uroup in Gutoph has announced it is adding
intingent coilision coverage to its auto inmance policies.

The company says its new correage will
be company says its new correage will
deced clating settlement for a policyholder
house car is damaged in a collision for
inch another insured driver is wholly or
artiy responsible. If the responsible molisk or his insurer, does not armage ironmyte party responsions. It the responsible mories, or his insurer, does not arrange prompt payment for repair or replacement of the policyholder's ear, the company says it will do so, to the limit of the other driver's responsibility, and take action to recover the payment from the other driver or his insur-

in the event of a policyholder's car being damaged by an uninsured driver, the company stya further that it will help the policyholder recover damages from the Motor Vehlele Acidient Claims Fund. However, Insurers cannot recover from the fund amounts they pay out for damages; only individuals can make claims on the fund.

As a time when sure occleters and re-

At a three when surto accidents and re-sulting injury are becoming increasingly prevalent, and when insurance settlements tend to be protracted, anything that makes for improved and speedier service in this sphere is welcome. This could be a new breakthrough in the insurance field.

Familiar Faces

You've seen them all.

The cop on the best. The belony lady. The man who gives you stamps in the post office.

They're Delleville's most familiar faces, people day by day serve the public.

They take your money, give you advice, listen to your complaints and keep right on smiling.

We thought you'd like to know a little more about them.

A accelant fixture as the front wicker since 1951, Bugene Lang's face is one you've seen at the post office. A Belleville resident all his life, Mr. Lang has worked for the post office for 32 years, Something you may that he lends a souther life, and the seen are seen to be a seen as the lends as the le

You've probably seen Ren Outoidée on his rounds up and down Proph Sirect. A relative memosoner to the edy, Contable Cincidate came et al. (1997) and the contable came of the He and this with, who numes at Bellevillé General Happital, intend to settle here. They think, this is a good piace to live. On the Front Steet beat Contable Outoide get to Know the faces of the Contable Outoide get to Know the faces of the maken his job a triendy one.

Since 1939 Helen Reddick has been working in Reddick's Bakery on Front Street. Now covers with the sixter below Winns Reddick, she received with the sixter below Winns Reddick, she will be combination of the two bings I like." Saw Combination of the two bings I like." Saw Combination of the two bings I like. "Saw Combination of the two bings I like." Saw Combination of the level has Reddick reckoms that she knows the names of at least 65 pc. cent of her customers, not so many as in days gone by but still enough to make the bakery a firmly glue to know.

Page By Isabel Huggan And ron Airhart

Olive Delaney's face will be familiar to any Belleville readers who have frequented the Corny library during her 26 years of service there. In the new wing has been named for Mass Delaney, the sayer the has been considered to the title as a librarian, She was encouraged to join this profession by her English teacher, Mass Neil Merry, who got her interested in working with books during her shortered days as School desirable whether they are the service with the service of the servic

If you've ended up in the Emergency Department for bandaging, medication or X-ray, chances are that you've been looked after by June Holmels, an admitting circle at Belleville General Hospital, For the years, Mis. Science, nother of two teenagers, has commuted from Tweed to this work. "It can get pain more than ordinary office work," it can get painly in the gitternoon, There's never a dull moments when you've dealing, with people all day."

Cathy Glorer is one of the new faces at Bell Cannad customers will be seeing from now on when they pay their bills, Just's month in her new job, after two years at Cablerue, Cathy says she's enjoying her work. "People really we friendly," the says. "They chat with me about all sorts of things while theyer paying their bills. Eccept of course, during lunch hours, when it gets pretty lung in here."

Apple Crop Down

NIAGARA FALLS, Out. (CP) NIAGARA FALLS. Oct. (CP)
—Apple production in the Niagara Penisaula is down 15 per
cent this fail. The perinsula produced 550,000 pounds of apples in 1972, compared with
470,000 pounds this year. Cause
of the reduced crop has been
blamed on damp, ood spring
weather and an 'apple scab, a
fungus disease, which infected
apples.

Record

THUNDER BAY, Ont. (CP)

ay in Ottawa?

Precisely. This is what a great many of s—the majority in fact — do. We site to come the majority in fact — do. We site out of the press are one, with the days dwindling down to a sub the song good.

William Kennedy, in his Highway to manna in the Kwenis travel and adventure series here recently, made it as far as a custal and extended the consideration of the custal and extended the consideration of the custal and extended the consideration of the custal and extended the custal and extende

There are no camping facilities however in Central America and he recommended any-one making such a trip—and he came upon some—to park on hotel or some such prop-erty, taking care of course to obtain per-mission, and not on the open road.

For all that, many will question the desirability of such a trip with small children along. Let's hope they make it home arms neglected.

The Past Recalled

Ine Past Recalled.

Notalgia is not something service clubs induge too much, for their community work has its greates impact in the present, high the bers and now.

Robarians however permitted themselves a half-hour of looking back recently have been been been been as the first such exercise since the folial club years ago — by honoring past presidents. Sixteen office belower weeked which have a service size of the presidents with the sixteen of the below weeked which have a service of the presidents. years ago — by honoring past presidents, sitricen.office holders recalled highlights of their term of office, starting with the most recent, Bob ord (179275) and oping back A topical noise was introduced by Jack Descon when he said that 1943-44 were the years of righting in North Africa and there was still righting there today. Current holder of the office is Glynn Reynolds.

Princess Anne

Princess Anne
In referring to Princess Anne the other
day we inadvertently described her as the
eldest member of the family of Queen Ritabeth and the Duke of Edinburgh. She is of
course the younger sister of Prince Charles,
heir, to the Throne. Ann, born in 1980, and
cavalry officer Mark Phillips will be marcavary onicer Mark Philips with the Mar-ried Rovember 14, which is Prince Charles 25th birthday. The two other members of the Eoyal Family are Prince Andrew, born in 1960, and Prince Edward, born in 1964.

DENVER, Colo. (CP) — The Sports Car Club of America (SOCA) reaffirmed Friday the engine rules for cars in the Ca-nadian-American Challenge Cup-series would remain as they are for 1974. But the format for races was changed, with all events to be run at a distance of about 200 miles with no pit stops for reviewing.

Choosing a diamond was the first decision we made together. We wanted to be sure, so we went to

stand behind it.

Oh yee, it also came with their 6-way guarantee, that includes tree string, free refinishing and tightening, and a Life-Time Trade-In policy.

We know this is one diamond that's as good as it's supposed to be. With the papers to prove it.

t Low Cost Housing

Low cost housing in this area has been the topic of many discussions recent-topic of many discussions.

Many people have considered, or are considering now, moving into their was homes for a variety of reasons. These include: high and rising rental rates rowing families, the dosire for privacy and many more. All too often they disporer that the way is blocked by high building cost, lot restrictions or light mone obtained.

Pirst of all, in most cases, a down payment is not necessary. This opens the for many people who are without a lot of capital. The simals of cities a variety of alternatives. The owner can, if he without has been considered to the interest of the without of the constraint of the co

wars computer freedom of choice from the foundation to the maked product. Quite lockship the class is called "The soldiest looms Fast". It is but result as foundation the control of considerable research and calculation done by a local firm — Rollins Lumber Lumber Lumber (and the local firm — Rollins Lumber Lumber

One aspect of health care we have not heard discussed much lately is the extent of redillities for the training of octors. It has been said, there are too many decions in the training of octors. It has been said, there are too many decions in the contraction of the contraction o

crossa?
Another thing is acupuncture. A number of Canadian decions have been to China, or are planning to go there, to study this remarkable treatment which we understand can be used both as an anaeststatic and for effecting cures, or at least as a means of bringing about an improvement in various conditions.

We read an article recently where the young opera star Anna Marfo sald abe was carred of severe back trouble with the insertion of just three needles. How keny will it be before acupuncture to used in Canada? True, nobody, even among the Chinese, are certain wity acupuncture is no efficacious, but the lost with the part of the control of the control

acupuncture would reduce health costs con-siderably. Perhaps Dr. Potter has some houghts on these matters.

Grand Old Man

Second Mortgages -Arrange in Haste, Regret at your Leisure

Question: "If I manage to raise some money pretty quickly, I can get a good deal on something that has been a life-loop dream – a saling sloop. A second morrages seems to be the best bet but I'm not sure where to go for the money or what type of arrangements can be made. Are there major differences between types mortgage leaders and the contracts that they offer?"

There are differences in the amount you can a second mortgage, depending on how much ou take to shop around to compare the total borrowing money from various sources.

Take Time to Arrange Financing Where you may run into problems is in your desire.
Where you may run into problems is in your desire.
Where you may run into problems is in your desire.
Where you take to investigate most gage arrangements, the less thance you have of getting a good deal.
In fact, there are some people who, under pressure, have signed contracts that have resulted in the loss of their home.

of their home.

Some people hold mortgages that require a large final payment — a so-called balloon payment — that has not been paid off. Under these circumstances, also retreated the part of the pa

Lenders and Brokers

The amount that you will have to pay for mortgage money also wifers depending on the source of this money. Second mortgage funds are available from banks, credit unions, trust companies, loan companies and privite tenders. Many of the people who arrange brokers, not lenders.

Mortgage bookers are really mortgage.

Mortgage brokers are middlemen who get institu-tions or private lenders to lend the money to you, add-ing their own brokerage fee as an extra expense. The interest rate may be higher, too.

No Substitute for Common Sense and Arithmetic

If you are contemplating any credit arrangements that could be as potentially costly (and perhaps even as financially disastrous) as a second mortgage, there is no substitute for common sense and a fittle arithmetic.

is the dissitutive for commons were an are to the control of the c

Rome Eternal City For Million Workers

ROME (Rester) — For a million communiters, Rome is more thesever living up to its name as the Eternal City. Traffic chokes endleastly as it fries to enter narrow streets or pass through a maze of roadworks on the main thoroughtares and hal-lowed squares. A recent survey showed that the average Power.

utes to get Trom hoore to his wortsplace.

Rome, unlike London or New York, jiks virtually no work of the property of the prop

"In-a city like Rome the most unexpected thing can turn into the straw which breaks the camel's back," said Commissioner Glovanni Astarita, of the municipal police office.

The latest straws are construction operations involvingst improvements and require to water and sowners poly, reiestracks—all undertaken at the same turns. "

U.S. Clamor

The clamor for President Nixon's resig-tion and/or impeachment, led by the Un-ed States media, yet still without solid ounds for either, is rising.

The public is being brainwashed into being commiced of Mr. Nixon's culpability without any shred of real evidence on which to base it. No din glenies such cyldence may well turn up in the further melanchoty, not to say boring, process of juvestigation into the Watengale affair. But that time is not real.

theded virtually to all else. Meanwhile the Freedenis's many accomplishments, especially in the sphere of several policy have been practically forgodversign policy have been practically forgodversign policy have been practically forgodentinging for as: end U.S. involvement in a
are he mad no part in startish; in acaliering
fash he termed "speace with honor." Indeed,
the trans' of minimal prestige and with the
sist of the vorid looking on, no other goal.
as possible without justimg serious humilities.

Furthermore there were the new under-tandings he achieved through direct con-acts with the leaders of both chains and the loylet Urion. All matters, incidentally, to which Mr. Nixon elaims he was deroting matchally all his attention when the murry hapters of Wateryate were unfolding.

President Nixon may have lost a great deal of support but he still has his backers. America's great need today may not be so much Nixon's head as a sense of proportion and deliverance from the hysteria of the last

Those IQ Tests

Those IQ Tests

Iong ago we became disenchanted with IQ (Intelligence Quotient) tests, believing for one thing that they issueed persons of a completely to nessure a promis house completely to nessure a promis house consultant to sensure a promis house creatives.

A recent television comedy program to the completely to mapple rather nearly when a higher IQ than he did. Here was a young woman who likely would be lost in the higher reains of mind-reading and analysis, yet an higher IQ than he did. Here was a young woman who likely would be lost in the higher reains of mind-reading and analysis, yet an higher IQ than he did. Here was a young commis who likely would be lost in the higher reains of mind-reading and analysis, yet an happened to be clever in other directions.

Now we see that Hastings County board of uncuation has before It committee recommendations on the subject. One is that standardicide testing of students, such as IQ because the control of the county is the county of the county of

heads.

One guidance commellor, while not criticating the tests themselves, quiestioned the way they are given and the emplishes placed on them. Incredibly, another school official revealed that tests made up in the 1920s and considered outdated in the 1940s are still being used for testing today.

The same official had a significant populy when she said: "Were trying to get away from the impersonal supect of standardised testing."

from the Impersonae services of the first may not always be possible in these days of large classes, but it is worth these days of large classes, but it is worth chance to genee his own worth and polential the better performance we can expect from young people today. To test may be a guide of sorts to a student's ability, but clearly they have their limitations.

There's a Machine Right for You

Charging through the bush, slicing across the surface of a thick frozen lake and busing soe's way into the mysterious wonders of winter on a most mobile is a dream for many

people.

That dream will become reality only after you have carry fully selected a machine the suffa your plane.

To buying a scowmobile, there are many makes and models to choose from and, if you have a penchant for southing accessories, you will have to be discriminating in what you

The following tips and information should help those people who want to do their dreaming in 'he woods this winter."

The limit societ to be charged

The first point to be observed in anosymobiling is selecting a vehicle that suits your needs. Before you buy, evaluate machines on the basis of their proposed use and your interests and needs. Pick a machine that can be assily adapted to you, activities, not one that forces you to adapt to its characteristics.

in evaluating snowmobiles the prospective buyer can obtain a vast quantity of literature of the type listed in the buyers' guides for each model, by simply writing to the manufacturer or paying a visit to his

It's Easy to Get Dead on a Snowmobile

If you are going to drive a commobile this winter keep the tality statistics in mind and series the following safety

Knowing the kee conditions on any lake or viver is a must. Don't littempt to cross before checking the thickness of the los. Your life may depend upon it. Ask people acquainted with an arear whether the los is safe before taking your machine on

before crossing any street or highway where it is permitted. Cross only at a 90 degree angle to the roadway and remember that traffic always has the right

twelling with a companion, it is always a good idea thehave one person watch for traffic, while the other person crosses with the snow-mobile

Lant year, 28 people were illed as the result of a collision tween a snowmobile and a car

er treck.

"ever jump a snowbank before lirst finding out what is on
the other side. You may be
jumping into the path of anothes
anowmobile, 'onto a group of
playing children or into the middie'cf * highway.

die cf * highway.

Don't be a show off. Excessive speed threatens others and can result in a loss of control, or an overturned machine with the accompanying risk of damage and injury.

Last year, 7 people were killed when their anowmobile collided with their anowmobile collided

deligatud but it can be danger-ous. Reduced visibility makes it imperative that: you check your lights before starting. Avoid take and river crossings at night and don't break new trails at night either. Follow marked trails to keep clear of barbed wire fences and guy

- Never use a railway right.
You cannot bear a train approaching from behind and could run jisto a train approaching from behind and could run jisto a train head - on crossing railway tracks, the rules are the same as for crossing a highway. Shut off your machine, before crossing so that you can bear an application of the country of t

abiling. — A noownobile is as safe as person operating it. The key safe operation is your knowned of your vehicle, good gement and courtery. Carry col leit and know how to use Makes sure your machine is sipped with emergency gear space spark plag, extra drive i, tools and flashilght. When veiling any distance, use the sidy" system.

It doesn't take a lot of money to get a lot of fun out of winter:

Elan sits on the snow with a

ground pressure of less than a third of a pound per square inch. And, carries you through deep snow conditions that

Choosing a snowmobile isn't easy: Especially with so many ma-chines to choose from: Bat Ski-Doo has an idea that'll help you make up your mind, it's called Elan.

Compact size, compact price Elan is a different kind of snow mobile. A compact, Because it's shorter than full-size snowmobiles, it's

is lighter than full-size snowns the whole family can handle it,

safely and easily.

Good handling makes Elan
a great machine to own whether you're an experienced rider or a newcomer. But, whether you're buying your first snowmobile or your fifth, what you'll like best about the compact Elan is the compact price. It'll take you any-where the big ones go, for a lot

Full-size track, full-size traction

Although Elan is shorter and thter than a full-size snowmobile. its track is a full-size snowmobile track. And its ski-stance is a stable 25-1/2 inches wide.

snowmobile buyer's guide

A lot of machine
for the money
and for dollar, Elan is a lot of
cause Ski-Doo put a lot into it.

th flexible

mbedded rods. A comfortable 3-layer own sandwich seat. Easy access con-ols. Tinted windshield. And a full

one-year warranty.

There are 5 Elan models, from the economy, 250 single cylinder (with choice of electric start) to the 250. twin deluxe and the hot T294SS: five ways to get a lot of fun out of winter for a little bit of money. See them at

Ecology Studies Urged Before Airport Expansion

Styling That Generates The Warmth Of A Hearth

2 Pce. Colonial Chesterfield Suite This fully upholistered Colonial Suite statefully relates the charm of a bygone are. Note the serior high botts, the sloped pillow arms, the plump foom cushions that are decrean wrapped for odd-timed softenses. The rich and procedical dypoon if you're cover assures years of use and is ovaliable in a plain haveed of worm harmonic product. Came, this has a suite that doesn't assertice confect for design ... you can have both.

For The Family With A Lot Of Living To Do

2 Pce. Classic Chesterfield Suite (a)

So versatile I Hamonizes with almost any contemporary room setting. Snuggle into the curved back and you'll discover the meaning of individual comfort. The loose arm pillows odd that extra touch of lutholstated in a multi-coloured fabric of durable duport nylon.

Seat Your Guests In Luxurious Comfort

2 Pce. Traditional Chesterfield Suite (b)

Great tyling and coay comfort combine to give your (entity) year of suthistation. The high seni-citached pil-low backs and the soft spring adge are body contoured. The natching-valence and protecting own cape plus the dupon nylon, multi-coloured print all add up to exceptional value. Co sheed, come in and check it out for yourself.

Chemey's will not be owingly undersold.

We guarantee it . in writing!

The Intelligencer

An Unwise Move

A man leaves a well-paid job in a large and moves to the Quinte area and a se in the country, "to get out of the rat of the city to a small place," as his wife

see of the city to a small place," as his wife, the his refer that his a letter.

If his has never been out of a job before the research, the has never been out of a job before the research, but all he has been different between the research of the has been different by the research of the research of

We might wonder how many couples (in case there are no children) face such a ation? Our immediate reaction is that cannot have it both ways . . . it is un-after all, to leave a well-paid job for

wise, after all, to leave a well-paid job for spother area without first ensuring there is work in the new locate.

There is, an element of old-fashioned thinking too in the supposition that the wife should not work. How many times does one hear these days of young wives working to help put their husbands through college? This is not an advice column per se, but the letter to which we refer poses a situation that may involve more people than might e supposed, not to mention the implica-ions of near-poverty. There is one advan-age though: living in the country you can prow some of your own food.

Free Again

The siga of Ronald Lippert, the Water-too flyer jailed by Cuba for gun-running ten years ago, has had a happy ending. Origin-lly sentenced to death, which later was nmuted to 30 years in jall, Lippert ar-ed in Toronto early Sunday to an emo-nal reunion with his family.

onal reunion with his family.

The possibility that he would be releashas been apparent for some time, ever
nos a personal appeal by his family to
remier Castro, and a visit Cuban authories permitted his 18-year-old married er and a sister

The External Affairs department in Otawa has been active in trying to secure is release and three had been offers of help rom individuals such as Leeds MP Tom locatit of Brockville, who knows Cuba. A secent House of Commons resolution asking or his release also helped. Lippert now faces a period of readjust-ment which may not be all that easy, but

bably less of a problem than if he had named imprisoned in Cuba for years to

Gospel Story

With the Belle chema up for sale it will a matter of interest when the "last pic-re show," to quote a movie title of recent ntage, takes place in this venerable place of entertainment If its days are numbered, The Belle will be remembered for, among ther presentations, that fine production raei, it is a moving representation of the fe, death and resurrection of Christ, gainst a backdrop of superb photography and sensitive acting, with narration by Johnny Cash. Amid the so-called realism of modern movie fare, this film of the greatest of all stories is of unusual significance. Belleville has been fortunate in its being

The Corporation of the City of Belleville

PROCLAMATION "BUSINESS WOMEN'S WEEK"

WHEREAS the Business and Professional Women's Liubs of Canada are holding their annual Business Week from November 4th to November

AND WHEREAS this week gives formal recognition to women's contribution to business, industry and the professionals and provides an opportunity to acquaint the public with the purposes and objects of the Business and Professional Women's Clubs.

THEREFORE, by virtue of the authority vested in me as Mayor of the City of Believille, I hereby proclaim the week of November 4th to November 10th, 1973 as "BUSINESS WOMEN'S WEEK".

Thoughts on Hunting

Sports editor Doug Walsh was talking about hunting the other day and suggesting that, while not all of us are participants, perhaps a safari into the bush with a cam-ra rather thun a rifle, in search of scenery rather than remison, would be an enjoyable

rather than vention, would be an entyopaise experience.

If a fairly reset to keep his open particularly a fairly reset to keep his open particular with the invereence balance of rom Lehrer? The one quinnber he plan down the human rather has been come, with the fine, "... if something moves..., you sho-co-til." Them in grathcash of some, with the fine, "... if something moves..., you sho-co-til." Them for some particular and a purceived Jessey cow."

It is not so way-out either, as we read of the sections that have taken place in Again, there is the other apport of hunting, like controversial one of where goor costs and except takes over, and quite apart

ends and cruelty takes over, and quite apart ends and a purched Jensy cow."

This young wife of a geologist who spends summers in the interior of British

spends summers in the interior of Britush Columbia falls of how the peace and beauty of their camp this year was shattered by the arrival of two humbers by chartered the arrival of two humbers by chartered ritles and telecopes.

Bilberio the survey jurky had played hoot to a variety of animals, including a highly block grady which kept the distance for the most part but knew he could show the highly beauty and the control of the most part but knew he could show the highly beauty had been too harm would come to him yellow and come in the survey in the control of the survey in the control of the survey in the sur

One day one of the hunters came to the camp and he was telling the wife of the helicopter mechanic about the caribou he had killed the day before. Then the conversation turned to the camera of the other young weman, our informant. While they young wengan, our miormant. While tary were talking, she saw, to her horror, a couple of caribou walking slowly along the nearby atlanting. The hunter turned, saw them also, ran to the airstrip and while one escaped, shot the other at virtually point-blank range. Stil: allve; the animal was finished off as it feebly tried to rise.

The most line awards of hunting can be

off as is feebly tried to rise.

The sporting aspects of hunting can be argued endlessly, according to tastes and attitudes, but it is safe to say that hunting carried out in this mechanized fashion, and

Energy Sources Vital

It is only natural, in the midst of the rgy crisis, to question why the Western rid has allowed itself to become so almost ally dependent on the Middle East for its miles of oil.

supplies of oil.

It is known of course that exploration
is going on for new supplies both on land
and in the cosen depths. But saide from
Alberta, within our own national boundarfets, Venenule, and still friendly fran from
which country we presumably receive some
supplies, Canada for one is as dependent on
the Middle East as anyone else.

There are two other sources which have not been mentioned and probably for politi-cal reasons, if nothing else, they likely would not even be considered — the Soviet Union

and Romania.

And yet, if Russia buys wheat from us and since Romania pursues a quite independent policy these days, trading with all and sundry, why shouldn's we get oll from both these countries. The Russian stuff is supposed to be poorly refined, but perhaps that could be-overcome with further refining here.

1883 - 90 YEARS OF PROFESSIONAL SERVICE - 1973

Dear Dad:

Near Dad: Over 40 years ago, you carried on the family tradition of Funeral Service. . Moving from 288 Pront Sitree to 38 Evenett Street (Octar-stan house) in 1305, converting it into a modern funeral house was only the beginning—we have progressed ever since.

The purpose of this letter is to publicly say "Thank you" for your shotom, your generally and your continued support, you taught us the residence of the service of

a On November 10, 1883 a young Irishman - William Thompson founded Thompson Funeral Service, and previous to this a furniture shops and retail store: ... Thompson's pioneered many firsts ... One of the first to embalm ... the first to have a funeral parior in 1918 and to otor funeral cars ... and in 1951 the first funeral chapel.

Today ... 90 years later, under the direction of David Thompson, (third generation) assisted by a capable and helpful staff of men and women, the firm continues to serve with the highest standards in the

A modern Funeral Home & Chapsi is centrally located at 38 Eyerett Stevens, new Catherine (opposite Christ Church) comprised of two large Parlors, and a separate Chapsel senting 178, jisu an adjoining family room, lounges etc. ... Our owly free of case including two modern sedam, flower car, and coach is housed in a new overered concourse with a flower car, and one of the coach is comed in a new overered concourse with a chanel exit.

"I would be to the service of the service off the service of the serv

Our 12 month/20,000 mile guarant

lubricants), will be repaired or replaced free of charge by any Canadian or U.S. dealer."

We guarantee against more than just defective parts.

Volkswagen's Owner's Security Blanket goes far beyond just guaranteeing against defects. Most car companies won't replace a windshield wiper if it wears out.

They won't replace a lightbulb. We will.

Take things like brake pads and linings. As late things like broke packs and linings. As long as you have them adjusted when your Maintenance Schedule says so, we'll replace them free if they wear out. Same thing goes for clutch linings and batteries.

And sport plugs and points?

We change them free at 12,000 miles and we'll handour that, no matter how long it takes you to go that distance. This is unhound of in the out to go that distance. This is unhound of in the out

18 meetler/24,000 miles.

18 meetler/24,000 miles.

18 we gons one step further with the institutes of our engine and transmission. We guarantee them for two years.

24,000 miles, whichever comes first. Of courte we don't cover defect coused by lack of mointenance or abuse.

When you're running out of warray you're still not out of luck. Well make the reg and guarantee the parts and workmanship an additional 6 months or 6,000 miles.

If the repair falses overright, we'll lend you a car.
Moving right along, we're committed to keep you moving. So if you're a quillified owner and you find that a warrow! repoir is going to take overnight, we'll lend you a free car by appairance, for as long as the repoir takes.

And we haven't forgothen owners of older Wws. If your car needs a repoir and you need a car, we'll real your car (And we haven't

rent you one at a nominal price.)

rent you one of a nominol price.)

How many times have you heard of waiting two weeks before you can get a headlight fixed? Not at Voltawagen. With Express Care if we can fix something in less than 30 minutes, we'll do it while you wait. And you don't have to make any appointment for these little repairs.

to make any opportment for mese time repairs,

Free Electronic Analysis can spotthings that even
a moster mechanic might not see. So we can fix
these things while you're still covered by our
Owner's Security Blanket.

Owner's Security Blankel.

We made the car. You own the car. So we're in this together. You own the car. So we're in this together. As 18fn, as you maintain your new Yolkswages properly we'll do mast of the worrying for you.

That's what Volkswages Owner's Security Blankel is all about — once you're a Volkswagen Owner, we're not going to leave you ou' in the cold.

INVEST YOUR TRAVEL DOLLARS WISELY

A COMPETENT TRAVEL AGENT is not merely a ticket seller. He is a specialist whose experience and know-how enable him to counsel you on how to travel wisely and within the confines of your budget.

TRAVEL AGENTS are appointed by trans-portation carriers to issue tickets and officially represent those carriers. To receive such an ap-pointment, the travel agent must be able to show financial reponsibility and a thorough know-ledge of the travel field.

THE

"SELF-HELP MAN" HAS A

HOME

ready-to-build home designs, expert framing crews to build them, and a pian that will let you start right

NO DOWN PAYMENT

The "Self-Heip" plan, the result of careful planning and research by Rollins Lumber allows the family without a lot of capital to own their own home, right away, and at a greatly reduced price. Basically, you can lower construction costs considerably by working on the home's interior yourself. Usually the home owner can save several thousand dollars this way, It's easy - all you need is a little ambition

See ner Self-Help experts today GPORGE MILLS or DAVE MARVIN

Service Moving

Long Distance. One of the great bargains of our time.

FOR 1974, TOYOTA IS A BE

Now Toyota is lower priced than the Pinto, Vega, Astre, Volkswagen and Detsun by a wider margin than ever before so you haven noticed, most small car price you haven to 1974.

MODEL (Sweet p	974 PRICE reed basic medal)	PRICE DIFFERENCE
TOYOTA :	\$2,300	
Vega	\$2,635	\$236 more than Toyota
Pinto	\$2,671	\$272 more than Toyota
Astre	\$2,685	\$286 more than Toyota
Dataun, .	\$2,745	\$346 more than Toyota
vw , .	\$2,895	\$498 more than Toyota

But Ns nice to leave that you can buy a 74 Toyota A 82009° to Toyota Conds 1200 is self Cenada's when the condition of the

complehensive research undertaken by anybody) shows that the Toyota Corolla 1200 averaged 325 miles per imperial gallon The best gas milesge of any popularit small the recent corollary.

*specifications registed fits price. One set include destinates, and delivery, bosons and provincial last because these lapture very free region to region. Copysis FOR points from full fits a because, facular, because of, of the last best period points and the second for the last post period points are laborated.

CAR HARD TO START?

snowmobile buyer's guide

When you're out looking for a high performance snowmobile.don't be taken in by size.

Most people think high performance snowmobiles are big. Simply because most of them are. But with the SS, we took a different approach. We made it compact. There are certain advantages inherent in a

advantages innerent in a compact snowmobile. First of all, it's easier to handle on a tight trail. But more important, it's light And lightness is essential when you're after

Imagine a Volkswagen with a Ferrari enorme. The Elan SS weighs in at a compact 330 lbs. But, instead of powering it with an appropriately compact engine, we gave it a super-tuned 293.5 cc. Rotax twin. So SS moves out like a

ratio.

Because, although
Flan SS is shorter than
a full-size snowmobile, its track is a'
full-size snowmobile, the track is a'
full-size snowmobile track. So, as well
as being light on its feet on hard-packed snow, SS has the flotation you need
to hissle you'd through the deep stuff,
And do it safely and surely with a wide
25-1/2" als stance and a responsive

Extra performance features
Add in extra performance features that are standard equipment like stock absorbers, ice-gripping carbide six runners,

chuich and extra comfort features life our 3-layer foam sandwich seat, an extra value features like our full ou year warranty, and you've got a complete finigh performance snowmobil that just happens to be a little smalle than the big ones. And a lot less expectation

TRUE HOSPITALITY

REAL ESTATE:

A CASE FOR HOME OWNERSHIP

A well-bought home is the very best investment the aver-ge middle income family can ever make. It is, in reality, a rood savings account. Every poyment made on the mort-age obligation boys something very dear; not so are pay-ents made on rept.

As you pay off your installments, you keep owning more if more. In today's spiraling prices, your payments remain same. Conversely, rent payments are inclined to continu

Your house insures you against inflation. If your money in the bank, the value of the dollar shruks as the twice is, But mosely invested in a home increuses in value, prac-cally keeping pace with inflation.

any guerang pace wim inflation.

Helping Signs

The city's second scott toop spent Saturday morning heighing others. That's really nobling new for scottle but this help was by placing posters second fown, robers reminding local residents that II is Christmas Seel line sgain and money is needed to fight tuberculosts and other respiratory diseases. This year's chairman of the Christmas Seel campaign, Frank Nobile is surrounded by from left to right, Lino Ossanna, Greg Johnson, Mark Smith and Ted Carleton.

Hard On Farmers

Shortaget. wherever we hold these is that is the name of the game. And o in some spheres at least — fuel, energy up like — If if force as to be more fruit with a savailable, it will be a value of Jesson.

Nevertheless, for some, more than there, shortages of one commodity or there can be the straw that breaks the amel's back.

Quinte area farmers for grample, like ne rural community everywhere, are faced ith still more belt-lightening. Consider for the thing the advice of Agricultural Minthe time the arrace of high-cultural ann-er William Stewart, that farmers should nake their arrangements for next year's rtilizer supply as quickly as possible." He oke of "enormous" worldwide demand d dwindling imports from the United

States. Then there is the forthcoming hike in Bydro rates, with farmers paying an average of 10 per cent more for teler hydro—between eight and 16 per cent in the estimation of Pederation of Agriculture president Gordon Hill, whereas urban dwellers will pay an increase of even and a half per cent.

lens will pay an increase of seven and a will pay can control to the arcent with to this area of "the deperate playing to the farm of the dependent playing to the farm community," and while he may have been making some political pay there is no doubt the economics of farming these days are tough. With the control to the seven of the se

Issuen the needs of each.

A Consecond area farmer wrote to this newspaper recently about the varying fortunes of farm life as he had experienced it personally. He has another job now, in addition as we result, to retaining a small farm operation, and what he had to say was elequent of the struggle that farming is for a good many of those engaged in the industry today.

Welfare Of Animals

Two magnificent deer bounding across the road in Presqu'lle Park Sunday repre-sented a bonus for some Belleville visitors to the area on an otherwise sombre sort of

They symbolized the freedom many of us would like the animal kingdom to en-joy, free to roam amid a natural environ-

ment.

What about animals in general? That
their welfare in this often cold world of
cours is often neglected is no secret. Some
are victims of cruel treatment.

are victims of cruel treatment.

But there are bright spots soo. Some time ago we received a letter which unfortunately was initial there. It has turned up kgain and doubtless its message is at val-fd today. From a local householder, it has praise for the aid of the Ontario Humane Society in the freturn of a pet, not once but on two octasions.

on two occasions.

Where care-of pels is concerned it is distressing to see dogs thed up and left uncercised for lengthy periods, angle in cold weather. Having m mind the disturbing revelations about the health, of Canadians, it would be mutually beneficial to many a per downer if he and nouch not out for a good. pet owner if he and pooch got out for a good brisk walk.

Council Vacancy

Bellevillians will have noted with re-et the resignation of Alderman E. Arnold r, owing to ill health.

Orr, owing to ill health.

The veteran alderman's departure from the municipal scene leaves a gap, not only on Council but on the Quinte Planor Board of which he was chairman.

ning Board of which he was chairman.
Finding a, replacement for Alderman
Orr is Council's task and this will require
careful cogsideration. The new man or woman could, be determined by an election or
by the choice of a cittern in good standing.
A decision is anticipated at Council's
next meeting.

Ontario Bill of Rights

How can milk help solve our national nutrition problems?

No other single food approaches milk in supplying our all-round nutritional needs. And that probably makes milk more important to you than you think. Because regularly drinking milk will put you a lot closer to being sure you obtain the nutrients you need for health.

A national survey of nutrition.

A nation-wide study of Canadian m tritional habits has recently been

It was a very thorough study, compiled from thousands of inter-views and health reports. Its findings give cause for concern about Canadian dietary habits. Particularly those of women.

For example, half of us are over-

Yet many of us cat meals that are than adequate in iron, calcium,

less than adequate in iron, calcium, Vitamin A, thiamine and riboflavin.

What is more, our young peo-ple-particularly teenagers-often go short of the calcium and Vitamin D so vital to building healthy skeletons.

What can you do about it? How can you change your own, and your family's, eating patterns to ensure

Thanks to milk, it can be easier

and less expensive than you think.

Good nutrition. What is it?

Good nutrition doesn't m eating, or buying rich and very exmeals offering a good variety of fruits, vegetables, meat, wholegrain prod-ucts...and milk and other dairy products

Because, of all foods, milk is the most complete. Used in combination with your other foods, it is a marvel-lous "insurance" that you're getting lous "insurance" that you're getting many nutrients your body needs for health.

Since the survey shows iron defi-ciency to be widespread among Canadians...and especially among Canadian women..., you will also be wise to include iron rich greens, eggs, and grains in your daily meal plans.

This little extra watchfulness can be all it takes to ensure your family's good nutrition.

And remember, without good nu-tion you carred have good health.

Why adults need milk.

Maybe you thought you stopped needing milk when you stopped growing. But you're wrong: adults need the things that milk provides throughout their lives.

Below is a list of seven nutrients which are essential in maintaining good general health in adults as well as in children.

One single food-milk-contains them all. And, indeed, is recognized as "an ex-cellent dietary source" of no less than five

Calcium. Calcium is needed by adults, not just by children. Because adults, not just by children. Because adults bone is constantly being my an afactor in this work. Yet the survey shows us that celcium sinches or not adequate for now intakes of the survey shows us that celcium sinches on the survey shows us that celcium sinches of the survey shows us that celcium sinches of the survey shows us that celcium sinch the survey shows us that celcium since, then, milk a necessity for adults.

in. This B Vitamin is als factor in adult good health. And nilk is a very practical way to obtain your ribofiavin.

Protein. You know how important protein is for everybody, adult or child. Did you know that milk is an excellent source of it? And a

Vitamin A. Another factor in the maintenance of general good health, this vitamin is found in whole milk...which, by the way, at around 31/2% butterfat, is prob-ably much lower in fat content ably much lower in than you think it is!

Phosphorus. This mineral works together with calcium as a factor in the maintenance of adult bones and teeth...and milk is an excellent source of it.

Vitamin D, which works with cal-cium in building and maintaining bone, is almost always added to milk in Ontario.

Thiamine, for which milk is a good dietary source, is also a fact maintaining normal health.

Milic The most complete food of all.

Milk is truly unique as a balanced source of most dietary needs. Nutri-tionists say that no other single food approaches it in supplying, in bal-anced proportion, our nutritional

the need for milk. It is just too valu able to pass up!

The habit of drinking milk daily, continued through adulthood, pays handsome dividends on the mainte-

nance of good health...a. quent enjoyment of life,

"Good nutrition". It can be easier (and cheaper) than you expect.

In addition to itseay availability and simplicity of use, there is no adequate substitute for milk and the things that it can provide. It is truly one of the great cornerstones of proper nutrition.

This is why milk is included in the "four basic food groups" (Meat, Fruit/Vegetables, Grain Products, Milk Products) that are needed to give us the well-rounded nutritional intake we need...and which too many

In fact, just by drinking milk daily, you can go a long way toward making sure that you are properly neurished.

Yet, for all its great nutritional worth, milk is still very economical to buy. Dollar for dollar, it is your best food value.

That's a lot to offer, isn't it, from just one food? But that's how milk has earned the title of "Nature's most nearly perfect food".

Air Links

How often we have heard of the need or regular passenger and freight links by the between Belleville and such major censes as Tourois and Montreal, not to memonitare and the major censes as Tourois and Montreal, not to memonitare and other communities. Kingstom and Referenceson have been reduced often enough in connection with memorial control of the communities. The control of the control of

Now another mitative is under way inwhring of histland STOL (short-lakeoff
and landing) Twin Older alreaft using Towhree the state of the state of the state of the
histland but has potential also for resoutput for fire mentally-alting island airport
in Toronto from extinction.

The only difficulty appears to be lack
of a land fink between the latand and Tortonic, presently served by ferry.
Aprily from Kingston headed by a
pointail for such a service fire to Twento
in 50 minutes on Tuesday, a light that
yould have taken 'eren less time but for
head winds. A group from Peterborough arrived on another light late; in the day and
other proving flights are scheduled from
Occirch, Stratfort, Welland, Port Rinf, St.
Cathantine, Owen Sound, Kitchener and

Income.

There would be advantages for Belle-tille in such a service, but first existing airport facilities would have to be ingraded or others provided, with concrete runway and so on. There is also the hurdle of the absence of a land link with Toronto Island; this could thwart the best of plans.

Princess Weds

Princess Anne — still Princess Anne as well as having claim to her newly-wed stat-us as Mrs. Mark Phillips — is now much better-known to people not only in Britain but throughout the world.

but throughout the world.

Nevre before, even allowing for Frince
Chazine's brief conversational pieces in puble, has a Royal personage submitted to close
questioning by newsmen as she has done
in recent days.

The Princess comes across as a person
of disarming framinees, yet without any departure from good taste. As for Capt. Fallliby, he seems a somirable young man.

The weeding went out with the legendton the control of the control of the control
than the country is legislated and the
laboring under a state of emergency called
because of attribes affecting an already difficult fuel situation.

If only the country's leggard economic

If only the country's laggard economic nachine worked as smoothly and purpose-fully as the pageant-filled days which from time to time glorify the British scene.

Vital Commodity

What with the necessity of making existing resources go farther these days the existing resources so farther these days the idea is catching in more ways than one. Paper recycling is on example — indeed it has been a plonner in the current mood of conservation — and Selleville has been giv-ing a lead. Paper pickups were resumed here November 0 and they are being com-lined periodically in the property of the Interesting in of 186 (Canada's bott envioyes, noting that they "contain recycled materials for a better environment." Not such good news however, where

materials for politerary constant recycles. We not be politerary control, where paper, and an informed public, are consend, is the shortage of newsprint. Westly papers in particular are in a difficult situation and there have been reports that some of these smaller operations may be forced out of business in the new year.

The manager of a paper company witch applies a number of Eastman operations with the problems, and the problems with the problems with the problems with the problems and the problems with the problems and the problems with the

ing round-the-lock and still cannot catch up. There is no real shortage of pulp in Canada, according to this spokesman, but there is not the capacity to produce all that ig required. Demand has outstripped the supply of available newsprint, and stockpiling its some instances may be compounding the problem.

CANADAS OLDEST, WINESY

FOR 1974, TOYOTA IS A BETT SMALL CAR BUY THAN EVI

Now Toyota is lower priced than the Pinto, Vega, Astre, Volkswagen and Detsun by a wider margin than ever before

1000E	1974 PRICE (Issued priced basic medal)	PRICE DIFFERENCE
TOYOTA	\$2,399	
Vega 🖟	\$2,635	\$236 more than Toyota
Pinto	\$2,671	\$272 more than Toyota
Astre	\$2,685	\$286 more than Toyota
Datsun	\$2,745	\$346 more than Toyota
w.	\$2,895	\$496 more than Toyota

But it's rice to know that you can buy a 7'4 Toyde A LESS of the Control of the

ESP is coming.

The most advanced innovation you'll see on an sew car will be at your Toyota dealer very soon. It is called ESP, For Electro Sonacor Panel. Built right into the not over the driver's head or other than the season of the season of the complete of the season of the season of the panel does list keep yourselved on what a thappe our car is in.

The best gas mileage of all popular small cars.

omprehensive research undertaken by anybody) shows at the Toyota Corota 1200 averaged 32.5 miles per operial gallon. The best gas mileage of any popular i small

Ce, represente to Listes.

New 5-speed stickshifts.
Our new Sepeed Internision, in addition to horseling performance, can also increase fuel economy as well (Chailen) in fifth cuts engine mvs and saveig aga.) And this year we'll be adding there new 5-speeds to cut line. Cello GT, Corona SR, and Corolla SRS, (Needless to say, a Sepeed transmissions on these models are standard.

22 models in all.

Ze models in all.

Topota continues to offer the small car buyer the bigosst choice of modell (of any manufacture.)

There's a choice of sever different models in our economical Corolls in a stone. From the new Septed SIS coupe to the Corolls who also as From the new Septed SIS coupe to the Corolls who also will be even make a ropped four-wheat drive whetch, the work of the corolls who are within the policies, it completely redesigned, Corones, plus two new models of the sporty Colins.

modes of the sport/ Cests.

A higher resale value than even the Volksiwagen.
You don't have to pay a lot for a new Toyota, but you can get a lot for them you celled.
I see that the third you celled.
I see that you celled the help celled for helping one of the highest re-also where of any car. But not services, including figures show that over the past levely seen under Toyotas have consistently throught higher resale values than used Volksream.

And more.

Many of the new '74's are already in your dealer's showroom and the complete line up will be there very soon. (Me's take your order on our lowest priced Corolla right now.) So. it you're thinking of buying a new small car this fall, welt till you see the new Toyotan for 1744. For one important reason: for Toyota is a bester small car buythen ever.

"Manufactures regressed by price. Does not include destination, and believes part of prices and the between from factors over your author to prices or region for the prices of the pric

Never before has so much worked so well.

Comfort, with a slide suspension adjustable for your weight and snow conditions, and a posture-contoured foam seat.

We devised a track tunnel that's self-clearing, not closgling, self-clearing, not closgling, concept in the comtool module, It includes a headlight that swives to show you where you're going, lon a curve. And is integral with a high-rise, warpa-round windshield that doesn't leave your fised or hands out in the cold.

And looked so good.

Ask engineers for performance, reliability, accessibility, long life, croters, and you don't necessarily expect the greatest looking machin you ever saw. But that's just what we get in the Super Bruts.

Healer soon, and see if you don't agree. But be sure to take a good look inside, as well as outside. Then you'll see why we're able to say "Alouette delivers";

BIG WINTER ACTION WITH THESE THREE

PAUL HENDERSON says "Make it easy with GUARANTEED traction."

A great performer like Paul Henderson knows another great performer when he sees one. And as Paul will tell you, it always makes good sense to go with the gueranteed performer. Why settle for traction claims, when Firestone puss it in writing, "You go... or we pay the tow."

Wild Driving

It is difficult to imagine a high-speed base by police along dirt roads — in excess 1 100 m.p.h.—by daylet alone at hight-thich was the case near Read recently. Not so difficult is centifage was the end suit: the junued car rolling over in a side road.

A youth was charged with dangerou

civing. But diff roads or not, overall this is a familiar enough tale. We think also of our experience driving up North Year Street last. Saturday affernoon when we come continue to the continue to the continue to the continue to the continuing in the fashion as far as Bell joulerand. All this on a roate that is not apparent to the continuing the particularly safe at the best of times. Supported the continuing the particularly safe at the best of times. The continuing the continuing the particularly safe at the best of times.

Care of Pets

Ours is not a notably animal loving clety, some of us being happier hunting men than exhibiting often and attention one than exhibiting often and attention one, as a recent letter testified, who are posses as the second of the control of the cont

em, disposing of it.

In recent days we have had another ler, this one from a man complaining it a neighbor had been responsible for the soming death of his family's pet dog—second within a week, another one harded in like tastion.

The writer raid the—series to the series of the s

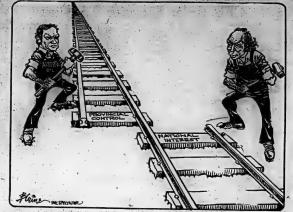

died in lies lashion.

The writer said the pet had given his lity "eight years of fun and happiness," in list letter serves as a warning also that diene could unwittingly come to harm ough poison laid in this way.

Penapas the liest answer to such devable occurrences is to suggest pet ownsheep a stricter watch on there charges, they do — or should do — where their down are monetned.

lest run the new automatic 2-sided copier from Xerox.

We could tell you that the Xerox 4000 copier is the most unique copier in the world because it copies on both sides of an ordinary, untreated piece of paper. Automatically. And that would be true

And we could tell you that because it does copy on both sides of a piece of paper, you'll cut your filing space in half and save money on paper

that you expect from a Xerox machine.

And that also would be true. But rather than have us tell you all these wonderful and true things about the 4000 copier, why not take it for a test run. Then you'll say..."It's true, everything they said about the 4000 was true!" And that would

be fantastic.

Test the 4000, the twiceas-good copier, from Xerox.

> Xerox of Canada Limited XEROX

ENERGY

the state and sent

WE CAN'T TAKE IT FOR GRANTED ANYMORE

Recent events in the Middle East have done more than raise the possibility of oil shortages for Ontario. They have underlined, for everyone in Canada, just

They have underlined, for everyone in Canada, just how essential a dependable supply of energy is to the way we live today.

Present indications are that supplies of imported crude oil in Eastern Canada are barely sufficient to meet demand. If we cannot maintain imports, real shortages of gesoline and heating oil could occur here in Ontario.

Canada's supplies of oil and gas are not inexhaustible once depleted, they cannot be renewed. This simple fact, together with current problems, makes it clear we must do two things:

 We must develop new sources of energy to replace our current reliance on oil and gas. This will take time and money. No one knows really how a much time or how much money.

 We must make the most efficient use of the nonrenewable resources at our disposal, to allow time for the development of satisfactory alternative energy sources.

in the face of these limitations, nobody has the right to waste fuel, or any form of power. The time has come for everyone in Ontario to take a good hard look at the way we use energy, Then do everything possible to ensure its wisest use.

everything possible to ensure its wisest use.

Good energy habits learned now, especially by our middler, will bring us comfortably through this winter, and pay off in years to come. Let's get to work.

47things you can do to conserve energy

The biggest user of energy in your home this winter will be the heating system. Make sure the furnace or boiler is working efficiently...

It you have a forced-air furnace, oil the motor and bearings, and check the tension on the fan-belt. Clean the filter every month, at least.

2 On a hot-water system, bleed air from all radiators, and check the expansion tank (your fuel supplies will help if you don't know the routine). Any leaks in the system should be repaired immediately.

3 Empty the clean-out on the flue.

If your system hasn't been checked by an expert this year, have it done now.

...make sure the heat is going where you want it...

5 Insulate ducts or pipes which run through places where you don't need heat.

Radiators radiate best when they're painted glossy white; a layer of dust reduces their efficiency, and marks the wall. Vents and registers should not be covered by carpets, drapes or furniture.

If you have a gravity air system with just one cold air return, keep inside doors open for most efficient operation.

efficient operation.
...and make sure it doesn't get away!

B Good insulation is a good investment in these days of rising fuel costs. Look at attic floors and ceilings, crawl spaces, and basement walls first; they're easy to do yourself. A contractor can

Sterm windows make a big difference too. Make sure threy fit if the sterm of the st

An open tire is the least efficient way of heating a home, because it loses so much heat up the chimery. Always close the damper when the lireplace is not in use.

Range hood ventilators expel warm air and should not be populated known than necessary

12 If a room is unused, shut off if heat and close the door. If you like to sleep with your bedroo window open, keep the door closed.

Blinds and drapes keep the he in on dull days and in the evening...but open them when the sun shines.

evening...but open them when the sun shines.

If takes more heat to stay comfortable when the air is do

Some thoughts on the

15 Can you lower your thermost setting? Each degree cuts

If your heating system is in goo operating condition and the house reasonably well insulate it's possible to reduce fuel consumption by setting back it themostat each night, or when

17 If there's only one person in the family who feels the cold, don't turn up the heat just for him—supposat he wears a sweater.

Hot water is another big user of energy. Let's not waste it.

12 Exposed hot water pipes should be insulated.

19 If the heater is oil or gas-fired empty the five clean-out. Drain galion of water from the bottom of the tank from time to lime, to get rid of sediment.

20 If the heater has a dial on it, s f you can live with a lower temperature setting.

A dripping tap can waste as much as 175 gallons of hot wa a month—and it's easy to fix.

22 shouldn't be turned on until they're fully loaded.

Zo water than a bath.

A few other things you can do conserve energy, in the kitcher and around the house.

O A Close your over, refrigerator the server door a pleas of the

24 Close your oven, refrigerator of freezer door on a piece of papity you can pull it out easily, the seal isn't good enough.

26 Don't use the dryer till it's full.

27 tryou buy an electric space heater, make sure it has a

28 You can save on lighting by cleaning bulbs and fixtures, by using lower wattage bulbs, and by always switching lights

29 And those Christmas lights. We can spread good cheer and still conserve energy by switching them on no earlier than 6, and off again at bedtime: and by using them only during the Christmas season.

In the kitchen, choose saucepans that completely cover the element. Adjust gas burner so flames don't like one.

Take time to thaw frozen f

Your refrigerator and freezer will work better if you keep the condenser coil at the back free of dust, and defrost when the frost coating is %" thick.

33 Use as little water as you can when boiling vegetables, and turn the heat down as soo as it boils. A pressure cooker is a great economy item.

You can conserve energe the road, too. Here are

Some Addicts Kicking Habit As Junk Peddled Is Weak

WASHINGTON (OP) — The "junk" being (peddled these days to East Coast beroin users has so little real heroin in it that some addicts are bicking the habit without

time low of swe-per-cent herde. The rest is powdered sugar, quinten, or even lines powder and ficur.

On the West Cossi, brown heroin from Mexico and Asia—once used only by Orientals, and derided by otheri—is rapidly replacing white heroin. It has the same lick as the widle, but it too is

ated.
These are among the more vivid reasons why American anti-narrotics officials believe the great heroin "plague" has reached its peak in the United States and is in full retreat.
The senior "barres" aren't exactly sure what they've

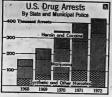

builded States," President Nums said recordly. There is a long road before we get to our goal of getting it really saider control, but up have tarned that content." Or as it was put intelly by a barty former football, player named William Durkin, now other federal drug-snivosment bifloor: We have a secomplished a hailura lot, but we have a heliura lot, but we have a heliura lot, but

acarety noticed yet by the public.

Bombarded by reports of addiction and of addiction and thefta, parents and public officials used to focus their concern on

beroin alone.

Now the public's concern
has come to include other
drugs-cocaine, barbiturates,
"speed" and other amphotamines—without restricting that
the most addictive of them
all, heroin, is fading as a
threat

More Arrests

A total of 431,508 dru arrests were made by stat and local police in the Unite States in 1972, up from 400, 605 in 1971. Marijuana wa involved in more than hal the 1972 cases but the num heroin and cocaine was down to \$2.304 from 114.573. This is line with the official view that the worst of the crisis in heroin addiction is over in the U.S. (CP Newsmap)

Wiretapping Ban Is Before House

OTTAWA (CF) — "The bill pitch bill besitably outlews that each to prevent a Coan- indicated being a large by any that called to prevent a Coan- indicated by any that called the Coancidary of t

has spread over 2 is years and that has seen the government of the whole wiretapping quopring in two bills in an attempt tion is the use of indirect. e oo satisfy diverse criticism will denor.

The bill originally said it

have borne fruit.

The present hill, considerably evidence obtained from meneded since it was in gal wiretap cannot broduced in the spring during court. But it said if it am almost non-partisan dis-from such an illegal cussion in the Commons justice police to other evidence.

at the woods.

Liberal sources said Friday
hat Justice Minister Otto Lang indirect evidence protill had not made clear a cry of protest we
sheether he would seek to across the country froimend the bill to undo some of clair attorneys-general

he work of the committee.

At the same time, Conpervatives were split on the bill,

or new wanting (to

rengifien its anti-lap provis)

or and some not comfortable to reinstate the indirect

this present strength. These deeper desired to the con
time of the committee.

were reports that there could be more Conservative attempt at more an amondment.

Liberals also displayed a spit bedging and by Friday his feelings during committee flicussions, but it is reported bey will go along with what-term of the common the support of the common the supported by the common the common that the common the common that the common the common that the common that the common the common that t

only will go soon with what-tempts to change the till in ever Mr. Lang decided to do in Commons it is expected to the interests of greiting some through fairly rapidly. And of whether bill through is er lo us amendments or Parliament this seasion.

If Working in Butter,

Art Messy Business

TORONTO (CP) — What do you do with three deer sculpted out of 700 pounds of butter?

eration unit and they'll jumelt away.

That's what the Royal Witer Fair, which ended Satuday night, has been do ng fibe last IT. years with it sculptures created for dairy display by Styeano Brooklin, Ont., artist Bill Coments.

sroudin, Ont., artist Bill Cibents.

No visitors will be around the state of the the Outario milk marketing board for his work. "If they saw you stepping on it and all that, it'd put them off it for life."

It's messy work getting the butter to the right consistency to stather on the creations which are stuffed on a framework of metal rods.

For a sculptor of 20 years, for Clements shows a decided lack-of passion for his work.

"If you were going to live with it, it's have to be a lot better, so I don't think of it as a work of art."

The butter, worth about \$500, is packed away after melting to be used in sculptures for next verr's Cynfi dian National, Exhibition or and government Trac-

prise.

The plain fact is that, all over the flourity like heroin epidemic was completely out of control before we even the flourity of control before we even the flourity of the flourity of

By the time the problems was acknowledged, in 1909, the epidemic was beginning to peak. It look another two years for Washington to organize a cational program that tackled supplies and distribution of beroin along with treatment of the addict.

Now, despite the acknowledged decline in new addicts and the shortdag of heroin on and the shortdag of heroin or and the shortdag of heroin or

d the shortage of heron on street, government budgs continue to expand.
Duffort sees no coneliction in this. "Now we've to the resource allocations assistent with the total probn." he said. In the past, the

the job.

Total federal spending is
the drug war has catapulted
to \$800 million this year from
\$81 million only four years
ago.

And in a stunning reversal of the panti two U.S. outlook of the pant, two-thirds of the total budget now goes for treatment programs—mainly methodose, the addictive but "benign" substitute for herotomend only one-third for law enforcement.

programs receiving federal money has expanded to 36 from 36 in the last two years, with the number of patients estimated at 72,000 compared with 18,000. Twice as many additional addicts are receiving treatment in programs aponsored by state and local authorities.

"X a been one of the strik ing developments or recent pears—the drawing together, around a common purpose, of the law-enforcement and treatment people." Daviou add. "Pewricusiy, there was a feeling that the addict had been abundoned to law ender the strike of the stri

tion, some 169 agents are posted overseas, helping for eign governments intercopolium and heroin shipment before they reach the U.S. Large-scale scisums ar drying up the supply, sendin prices on the street upwar and quality down. The number of item-age at dicts registering with tree ment citieds has plummeted.

The type of crime favor by addicts to finance the "fixes"—hold-ups, burglarie car thefts and petty stealing is also dropping across ti U.S.

Despite the progress, Jo Bartels, administrator of it newly organized drug enforment administration, recenestimated there still are least 300,000 heroin addicts, she U.S. and the figure cobe as high as 900,000. The addict appulation is a pected to define slowly, of

The addict population is pected to define slowly, a pite increasing succeeding succeeding beroit users or methadone and then awfrom addictive drugs all gether.

In Washington which he

country—to match one of the highest addit population—such year 13 per cent of the patients are found to relapse into addiction. For many of those touched by the heroin scourge, the end of their addiction only comes with premature death. Could a beroin epidemic happen again? The forecastia services of the property of

one of the most urgent needs as for a program to allow early identification of potential addict. As visually important if we're going to prevent answer explorence. Wilson said.

As sure as.—Ins standing because of the said and the said and

when the terrible lost of it ourrent epidemic may be on a distant memory, the lift bags of powder could well b gin making their way aga on to p is y g ro u n d s ar "plague" could surge a

The Intelligencer

Relative Values

The protracted and metancholy chronicle. Government specifing, all the way rough grants for the most shadowy of plocks to the salaries of our high-priced returney, is one with which we have all made familiar. Yet the smeather

Net the spending goes on and we have sad folded upon us such further unnoces-sary, and ineffectual arms of the bureau-may as the Prices and Review Board under dist. Boryl Plumptre whose salary is all of 40,000.

Something has had to give though in a spending race and the evidence of it naking itself felt at the local level. First, was made known that in the deferice mates the emergency measures organion would have a great deal less allocation. saidos would have a grait feda len allocción han before. In obter words provision as the beal level to harpita any disastér or emercy has been greatly compromised, econdry, in recent days has come word that the Belleville-Sancord area, has been al-culated only \$80,000 for sharing among local statisties projects (LIP). And "bla con-sted with grants for the current year of statisties projects (LIP). And "bla con-tected with grants for the current year of Considering that one local family was being \$40,000 to renew a prospan or help youngeless with earing disabilities, is ounderstand just how far the program has en cut back by Otkawa and the dirticulties we being faced by the area selection com-lities."

What Canadians find very difficult to take these days is the fact that Ottawa can spend thousands of deliars on junk art and tropical paims to embellish the environs for projects of real worth in communities

across the land.

The Auditor General in the past has been indestigable in exposing Government extravagance, but unhappily his practical influence in effecting economies has been elemonatrially all. The fault is not his of elemonatrially all. The fault is not his of count, but "share that of a Government upon whom many a reasonable plas falls on foat ears.

Resilient British

It is well known that the pages of Britain's latter-day economic history have been filled with gloom and doom. And in this context the inevitable charges

of extravagance have been raised in connec-tion with the Royal wedding, honeymoon, and future lifestyle of Princess Anne and

But when asked about this by a U.S. television reporter, a Brilish information officer put it in neat perspective when he said the cost represented perhaps about a minute's advertising on networks here.

Again, there has been a storm in Britain about a gift of four sports cans by the British Leyland Company to members of the Chilean military junta. A curious transaction trideed, which the company justified as a greature toward Chile's economić recovery.

omle recovery.

Certainly it would scarcely be thought
Britain could afford such largease, quite
apart from involving itself in handouts to
military regimes oversees. Purtthermore, it
is not as if Britain cars are selling all that

well these days. But poor as the country's econogin performance may be, and grave though his balance-of-payments situation repears, it financial reserves at home and shroad. That, it has good collaterial. It is still an important trading nation and British goods may be found everywhere. The pity is that so much production time is lost through a many be found everywhere. They asked work of the production time is lost through collaterial. It is asked work and the production time is lost through the production time in asked work asked when the production time is lost through the production time is lost through the production time in the production time.

Price Dips

Weil that packet of imported bisculta hich we were complaining had gone by 0.72 cents from a more 40 cents a few nonths ago. . the price has dipped all of sudden to 57 cents. Not had; they must are got the message and we may consecut to buy the product again. But only long as the price stays reasonable!

This dripping tap can waste enough electricity to keep a 60 watt bulb burning continuously.

A dripping hot water tap is power down the drain. Power that could have been the drain. Power that cound have been usefully applied elsewhere in your home. Whatever form of energy you use to heat water, it makes sense not to waste it. Poor insulation, ill-fitting air conditioners and inefficient use of appliances are other common causes of waste.

Although we have enough electricity in Ontario to meet all our present needs, it still makes good sense to use it—and all our valuable energy resources— wisely...not wastefully.

Nixon Fights On

resident Nimon, while not out of the hy-far in his continuing battle for fillty over the Watergate affair, must recovered some ground with his per-mes before an andlence of managing is from all over the country gathered

ir, Nixon is a formidable performer d. He looks visibly older—not surpris-tives the awarome pressures of recent and mouths—but it is a new Mixon he same, a man confident of his cwn thy and now more than ever determin-

A little while ago the president noted perhaps it was because he had been ugh so much, in the course of his politi-arcer, that he had, as he put it, "what tes."

Whatever the opinions people have of Richard Mixon — and they are many and varied — there is something of the superstar in him. Indeed there is a record out by a well-known U.S. comedian. Its title: Richard throm Superstar.

Pre-Christmas Scene

We are looking forward as much as any to this year's Santa Claus perade, what with Wayne and Schuster and the many other attractions that this winter event brings forth.

This year too the east end Belleville za will have Father Christmas for some t-parade activities: gifts for the children attractions for their mums and dads a

and attractions for their minus and case as and attractions for the jurial on region. Propositions for the jurial on region. Propositions for the jurial on region, as witness: that picture in The intelligence has week of some sign positing work being done on Santa's flost. These predictions of the propositions of the proposition of th

Hard Evidence

Maßs in Canada? The most concrete evidence yet of the far-reaching tentacles of this sinister organization has come to light in a Toronto court hearing involving heroin smuggling.

heroin smuggling.

A witness at the hearing, an articulate young distillan-horn man, axid the Matin in Toronoin had been responsible for "untoid extertion. In the stores. 4. bombings of buildings, people being shot at in their homes, a whole slew of things...,"
"The police inweighte them," he said, "and nothing happens." The witness said only a small number of erfinitiants were invited in the said of the said o

The young man was testifying on behalf of this parents, a middle-aged couple he said were coered into dope smuggling by a relative. The judge accepted his evidence and they received jail sentences of ten years compared with the life sentences given five others.

others. a

It may be asked if the story will end
with this? The parents, evidently decent,
hard-working people who were enticed into
the publ of crims, fear for their son's antity,
And well they might, given the machinations
of this evil organization.

County Plan Stresses Recreation In Future of North Hastings

Area.
The product of more than two years' labor by planning experts', the detailed document sets down guidelines for growth in a rural region embracing 23 townships and small urban

entres.

It's an area where the exsects over-all found incomes
wer than the Ontariowerenge: a predicted general
hop - in rural population;
echining agriculture affected
y poor farmland in spots;
mall communities
finanallu- burdened by providing
ormitory facilities for workras employed in larger centres
hich reap the industrial tax
enefits.

Industrial **Future** Limited

townships that give the county its geographic contrast. The area cannot offer "any significant flooderments" to other cannot effer "any significant flooderments" to other young people are leaving subsistence-level farming. The implication is for a static or declining, peopleation. It is a facility of the contrast of seening devices, particularly in the spectacularly-seenic northeastern townships, and county cheese infoatinte. Seening the contrast of the cont

Blueprint for Future

Warden Horace Casey (right) and administrator Carl Bateman discuss official pian for Hastings County Planning Area presented to county council Tuesday. Plan's concepts, outlining development policies for future, were accepted in principle.

Smaller Centres To Be Dormitories

area.

As a result, local governments in the area cannot cope with their problems, says a study for the area's official plan, presented to county cosmoil Tuesday.

Without proper financial resources they can't provide all municipal services required or plan effectively. This means many services has

with their problems, any a study for the are's official Modeo. Marmora. Tweed and the work of the study of plan effectively. This problem, any the study of the being provided by the grown of the study of the study of the study. Year only be allevated to the study. Year only be allevated to provide the study of the study. Year only be allevated to study. Year only the study of the

The Church Today

Church congregations these days stem to be composed for the most part of the middle-axed or older.

But it would be wrong to suppose that this is firm evidence of a lack of interest ong younger people or of the belief among that "God is dead."

It may be that in the teen years today ere is a lot of soul-searching, but then sn't it ever thus?

wasn't li ever thus?

And it is from among the teeps that a
fulr number of church helpem; in the Sunday Schools for example, and among the
various church organizations, are drawn.

Thus church activity locky still reflects
a continuing process involving all ages, a
helpitzend concern too for the problems
facing mankind at home and shroad.

Missionaries, to many of us, are remote individuals whose work overseas we are appraised of through appeals from the pulli, if not from occasional visits by these estimable and self-sacrificing people them-

Sharmone are seen that the seen and the seen

woman. Not all of the missionary story li the Facific has been necessarily as good or as valuable to native progress, but this was straightforward humanitariansm and, as such, a lesson for us all.

In Believille the church is as active and alive as in any comparable community, per-

haps more so.

And it is not above self-criticism, as in
the Supulay service bulletin of one Anglican
tempergation in which criticism is expressed
of a pleture in the November issue of The
Ontario Churchman. It shows an African
matire being beheasted by Portuguese soldiers
in Monambique.

native semp seriested by Portugues somers in Mosambique.

"Trealize (the comment is unsigned, but prenumably it is the rector's) that the pur-pose of this picture is to shock Christian people into a realization of the state of vio-lence that exists in the country. However, as Ience that exists in the country. However, as Dr. Eugene Morden, principal of Huron Col-lege remarked last week, sociologists claim that such pictures tend to make people more mesmittee to the inhumanities that exist in our world. To me the picture s obsects.

our world. To me the pictage s obscene. ...

The comment goes on to express the belief that sex and pornography are not necessarily synonymous, but that is another theme already commented upon here and, coincidentally, having some measure of common ground with the above viewpoint.

As for the young in church today, another congregation in Belleville last Sunday
showed what a force the church still is
where the rising generation is concerned. If
yes the result of the content of the
music by the Conort Brass under Jack
Green there's was some remarkable choral
work by a group of more than 100 Grade 7
and 8 boys and girls from Campbelliord
under Judolph Bryters, 81 can't and choract

Helping you to a better understanding of nutrition

Joan Fielden Says...
In today's busy life style it is difficult to be sure every member of the family is well-fed.
Therefore, it is important to select a varied diet; one which includes nutritionally valuable fruits and vigetables—enriched and whole grain cereal products, rietats and milk and moderation in other foods. For more information write Joan Fielden-P.O. Box 35, Station W, TORONTO 15, Ontario WE RESERVE THE RIGHT TO LIMIT

Traffic Trends

Whither the aut

withing the automobile — and the life-splyies that have grown up around it?

"And what should we anticipate of trai-ing patterns of the ruture — expectally in "siley of the current energy crisis, embacies in their applies and the possibility of rad-vically changing traffic trends in which the "automobiles conceivably might play a grad-fully decreasing role?

These are questions to which there

are no clear answers at present and City Journal, for one is inceed with the need to prepare for what the future likely will bring. Hence Council's acceptance of the en-gineers vepor for epanning the Moirs Bir-er with a new north-couth traffic artery. Cityen final approval a start on this \$1,754, 2000 development would be made next sum-ber.

That there are reservations about pro-feeding with the full plan or a scaled-down reservation was critical from Council's delibera-tions this week understandably there is a same tuncestainty about the future mobil-cine of the council of the council of the council of the Council, not to mention the Government, alight do worse than consult someone vers-ed in the count, a seer, for a clearer picture of want the nuture will bring. Fulling that, the council of the cou

commendations.

The energy crists may be with us for some time, but all things considered there is some time, but all things considered there is sing replaced as the prime means of transportation of modern man. Ortainly not for whee foreseeable future. That being so, and while commends clearly are necessary, we may expect the increased flow in Bullevilla Commendation of the commendat

Liquor Application

Even if City Council turned down (and narrowly at that) a motion by Mayor Robin Jeffrey for an official city protest against granting a liquor licence to Loyalist College, the Liquor Licensing Board undoubtedly

will be aware of public feeling in this regard.

will be aware of public feeding in this regard. There is growing evidence that alcohol consumption unoug the young and alcohol-related traffic offences are on the increase. From a public standpoint therefore, it is very much everybody's concern whether or not this licence to granted.

If drinking among the young is increasing, we can only assume this situation will owner with licensing of educational institutions of the public of th

PROPERTY IS side to pretend that such problems would not arise with the granting of a licence and the Liquor Licensing Board will have to keep this in mind when it meets on December 5.

Clinic Study

The prospect of a clinic being opened for children with learning disabilities in the Quanta area is encouraging.
It is not something that will come into being overnight though, as a meeting earlier this mast area.

ier this week proved.

An interested party is the Quinte chapter of the Association of Children with Learning Disabilities and according to Tom Learning Disabilities and according to tom Lean, president of the provincial ACLD which was largely instrumental for estab-distinguishment of the York Educational Clinic in Toronto, it will require strong co-operation with local school boards.

with local school boards.

It was a slow process getting the York
clinic going and local ACLD chapter presidient Dorothy Blakely has made no firm
opmultoment toward a clinic here. Utilimately
proprincial runds could be febticoming, but
in the initial stages in Toronfor the parents
were paying 84 an hour. Still this is a first
siep and we hope something will come of it.

Average Wage Now Buys Less

Potter Prepared To Prosecute Denture Makers

Heres what's new in full-size cars!

New styling in front, new Coupe roofline new glamour inside...as in Pontiac Parisienne Brougham. Lots of people continue to hold that full-size is the only size. Where else can you get it all, they ask, except in cars like full-size Pontiacs and Buicks?

Their position strengthens in 1974 with magnificent new styling-with engineering refinements and improvementsand the greatest-ever choice of interior trims.

If your size is full-size, see what's happening at your Pontiac-Buick dealer's. It's your best year yet!

Some of the equipment shown or mentioned is optional at extra cost.

Huckle up for safety.

German Visitors

That the teaching of German in Belleville schools should be intensified (at least for exchange students) is evident from advice given by Hans Pietsch, one of three visiting teachers here in comments.

vice given by Hans Pletsch, one of three visiting teachers here in connection with the Belliwille-Lahr student exchange.

Herr Pletsch told a provincial government reception held in the teachers honor that language had proved a greater obstacle for Belliwille students in Lahr than had been extitated.

for Belleville students in Lair than man been anticlopated.

We recall the early beginnings of this program, in fact when it was first mosted and the subject was broached at a meeting of Robary, It was either Ald. Ben Corke, of Rokary, It was either Ald. Ben Corke, who presided at this week's dinner meeting and is a member of the exchange commit-tee, or former Mayor Dr. J. Russell scott, as we recall, who warned of the difficulties and homosickness which would be exper-senced by any student not conversant with

the language.
Still, things seem to have worked o

and Markage seem to have worked out.

Bill, things seem to have worked out.

The study, will among the study of the study

towishlp in Prince Edward County.

At the little museum new Wuppox,
where road-widening operations have been
in progress in recent weeks, a plaque tells
of the establishment of the township followrage tips. American revolution, as a home for
Loyalists and discharged solders or regular
regiments, Namon et alter Princess Mary, a
daughter of George III, the township's earlye settlers included a small grounder Baron
ye stellers included a small growth and
banded Gennethe. By October 1784, tibls. party, numbering about 40 persons, had settled in the vicinity and begun clearing and cultivating the land. Shortly after, they erected a log chapel just west of whe museum now stands, and were ministered to by Lutheran missionaries.

It was one of the earliest German-

speaking groups to settle in Ontario and speaking groups to settle in Ontario and this, in an area described by John Smith MEP for Hamilton Mountain, representing Education Minister Thomas Wells, as a "very old and historic part of the province."

Energy Crisis

. Beyond clearing up some misunder-standings vis-a-vis the energy crisis as it relates to exports to the United States, Prime Minister Trudeau said nothing in his address to the country to reassure Canadians as to the real extent of the fuel shortage. For that we shall have to wait for Monday's statement from Energy Minister Don-Macdonald.

Ironically, while Mr. Trudeau says we exporting more oil to the Americans, there has been a report from Edmonton that Alberta-based oil companies, faced with the prospect of higher royalties in Canada, and

prospect of higher royalties in Ganada, and enticed by increasing gas prices in the U.S. are conducting exploration programs across the border in Montana.

Whatever else may be said for abortages, it is certainly great for private enterprise, stimulating people into action, not to mention affording opportunities for us the become more acquainted with such old to memori amount opportunities not as the become more acquainted with such old in the case counting & wither of, recessibly—in this case counting fact blockings and making a counting fact blockings and counting fact blockings and counting the counting was counting to the counting the counting was counting to the counting was counting to the counting the

Invitation to the Dance

the National Ballet Guild has had a booth at ninte Mall this week to inform the public the Quinte Dance Centre. Cathy Rall, mem-the Guild and mother of a ballet student, to Jan Tremeer and her children.

Education Beat Communication Breakdown?

Mrs. Tremeer is anxious that four-year-old JIII continue her ballet lessons here. Studenis from the Dance Centre, sugmented by students from the National Ballet School in Toronto, are giving a performance at BCI tonight at 8 p m.

PAUL E. AINSWORTH

AINSWORTH KAR MART 336 NORTH FRONT STREET - BELLEVILLE November 26, 1973.

An Open Letter To Quinte Area Residents, An upon 16ster 10 winne Area Austoents,

The purpose of this letter is to publicly announce an important change at Anaworth Kar Mart. Ethective November 20, 1973, we beginn the Belleville Franchised Dealer for American Moors Corpfortion It will be our pleasure to set full time of American Motors and Jeep automobiles and to provide service to all American Motors car owners in this district.

We believe that this is a progressive move, both for our company and for the people of Believille and district who have not had the convenience of an AMC outlet in the city for coursed versus. distrct.

Backed by the American Motors Buyer Protection

Plan, which is in my estimation the best warranty on the
market today, and Mac automobiles which we will be selling
supersecution of the provide safe, dependable
represent a concentrated effort provide safe, dependable
represent a concentration for Canadian motorists.

Ainsworth Kar Mark will continue to service Manda sutomobiles as in the cast, until surther notification. All our previous customers will, receive the same declared service that you have come to expect from our factory-trained service previous customers.

tuss at any time the purchase of a new American Motors car Nikih many years of experience the auto industry before the purchase of the purchas

Looks like mid-size may now be the size!

Today's kind of people will be right at home in '74's like Buick's Century Regal. On-the-go people-today people-who know what they want and refuse to compromise, will recognize the new Pontiac and Buick intermediates as their kind of cars. The new Buick Century Regal 4-door sedan opens the doors of the sporty car to the family man.

And the Wide-Track way with trim-size will become even more popular with the '74-LeMans. While Grand Am is as different as it looks

For 1974, the Pontiac and Buick intermediates just might make mid-size the standard size!

Be Sure To Get Advice When Selling Your House

Question: We bought our house 25 years ago and have lived in it ever since. Now, we are retiring and because our children have left house, we find we have more spin than we need. We want to sell the house; how show we go about it?

than we need. We want to sail the heusets how should we up subset if we pa about if a way a pube if if any part when the part has been proposed to a property by a qualified appendix. Keep in mind that soon, but by no mean all, real tat a gents are a qualified appendix. A formal actual agents are a qualified appendix. A formal actual agents are a qualified appendix. A formal was a constitute a fair asking price, and the part of the par

procests. Selling privately can sometimes take longer than selling through an agent and it could mean the cost of repeated newspaper advertisements. You may have to stay close to home to receive inswers to your ads and you must continually be on the lookout for people who are not seriously looking for a house to buy.

Moreover, selling privately may mean that you are not reaching a sufficiently large number of potential buyers to facilitate the sale.

Selling Through an Agent

Solling Through an Agent
There are vious advantages in living your house with,
an agent. For example, you have the benefit of access
to a large number of boyers. As quest with an access
to large number of boyers. As quest with a second
included in the agent's percent advantages program.
An agent is regardered under the Pacific Pacific Agents
are presented as the process of the process of the agent of the process
and are professional advantages and agent and
in oblined to make full and frank disclosure to you,
the clean, of all martical disconsistence that would be
likely to inference you exclusive listing agreement with
only one agent, be causious, as one-point agreement
of that type is considered treatomable, depending on
your deadless not be market confidence.

Whether you use an agent or not, you need leg advice. When a prospective buyer has presented yo with an offer, formally called an Agreement to Purcha and Sell, take it to your lawyer before you sign Do not sign it until you are satisfied that the pric is right and that the congract fulfills the terms and cond

is right and that the constant times the tests and con-tions you are seeking.

Once you sign and accept a buyer's offer, you are both legally bound to the contract. If the buyer, after an agreement has been signed by you, fails to live up to the agreement, consult your lawyer immediately.

Weekend Journeyings

Saturday's fog and rain offered as dour a November day as could be imagined, but in the course of some weekend driving even a grey day such as this is not without its charm and interest.

Traffic was brisk enough in the morning — probably the impending Grey Cup encounter had something to do with it — meluiding a fair number of American ears. No doubt these visitors, had their own unne reasons for getting away from it all in

these parts.

On 10 Port Hope and morth to Pelertonough, through rolling countryside where horres scentch to predominate, and Indoasy. It was late afternoon and raining by now, but in Ommere schied, underrest by the elements, was coming out of the church country and the country of the church produced by the country of the church produced by the country of the church was the young country and the word of the produced by the church of the produced and the wedding party heading to the tagion for the reception.

Moticashie at this time of your in home

nemming to the Legion for the reception.

Noticeable at this time of year in home instances are closed restaurants and motel until the continuity momen, in this case the reason for a return to Peterborough, where we had earlier noticed a motel-restaurant which appearance in Belleville under new managements.

Peterborough's downtown was busy with Christmas shoppers despite the after-noon rain, as were its big department store and supermarkets on the outskirts, but big as it is (57,000' it has nothing' as yet com-pared with our Quinte Mail.

paced with our Quinte Mail.

Returning again by Highway 28, through the Irish-named communities of South Monaghan and Balleboro, the long expanse of Rice Lake loomed up at Bewdiey and the village looked shutlered against the lean winter times, while the only sign of life on the lake was a lone boat with two men aboard.

aboard.

Into Port Hope again with its interesting air of tradition, its craft and antique
shops recident of history and up on the hill,
to which we were directed by a pleasant
street adswalk, the sprawling domain of
one of Canada's Zeading private schools,
Trinity College, with hydra'd a boy in blaze
and the air property and the property of the college of the college
fields, offered further symbolism of the
Strikht connection.

Sentital connection.

Then Cobourg, where the historic Victoria Hall awalts recoge from the Lagrague of the Cobourg, where the historic Victoria Hall awalts recoge from the Lagrague to the during establishment that is Marie to the during establishment that is Marie to the during establishment that is Marie to the control of the Cobourge of the Cobo

Addition to School

The cost of education has been a controversal theme for many years. In fact it is a prixty constant factor at every level of education, with the present government spending collings one of the more lively aspects, not to mention the public concern that more attention be paid to traditional basics such as the three Re: reasing, writing and arithment.

Housing the students of course remain: mousing the students of course remains another major worry. The provision of gec-essary facilities is another. Kente public school in Ameliasburg is acquiring more of both with its recently-announced \$480,000 addition.

It will include facilities for home econmice and industrial arts, Ameliasburg stumics at present being the only ones in the
unity who do not have access to this kind
instruction; for physical education, all
se more important in an area that is not
cably well provided for in this regard, as
ell as auditorium, science and library reources.

Costly as education is today — and it is ironic that this extension is going to be worth considerably more than the original \$355,000 — Kente sebool will be getting no more than its due. The facilities being pro-vided will go far toward upgrading the school as an educational institution and making it a more Simulating place for the students.

Politicians Endorse Loyalist Radiothon

NDP provincial leader, Stephen Lewis, (from lett), Jack Ellis, MP Hastings, and Belleville Mayor Robin Jeffrey spent some time talking to Loyalist College president Herbert Young before each endorsed the college's student-run Radio Toy Marathon to be aired over Kingston's CKWS and Peterborough's CHEX Dec. 5. The college's

radio and communication art students pre-taped the joiltical endorsements yesterday, although initial publicity in Belleville For the Joy drive to ald the Christimas Sharing Program is not due 'til Dec. 1. All toys domated via the expected 24-hour program will be picked up by Loyalist students. No cash domations will be accepted, a Students Association spokesman said yesterday.

Schools Plan Energy Cutbacks

a program to prevent an engage to con-re electricity, all and gas. se county is ahead of 'the-se, said plant controller h Hawkings at Monday it's board meeting. But, d with threatened cut-as in oil supplies, princi-have been instructed to further steps to conserve our.

on fuel. He asked if the aperatures in actuols could be maintained at 68 in ad of 70 degrees. dr. Hawkins said the smoothet setting in school as depends on the activit ting place. Gyms are kep

snowmobile buyer's guide

Finding a snowmobile that'll stand up to winter, year after year, is no trouble at all.

Reliability is standard equue, has had a reputation among snowmobilers as the standard of reliability

A true story of toughness

of toughness

It was because of that reputation that Olympique became involved in perhaps the most pamishing ride ever to lest a snowmobile. The Expodition to the North Pole. In the Arricis Spring of 1968, four Olympique machines, loaded down with men and supplies, set out to battle through deep snow, jaged ice and temperatures as in the proper supplies of the proper supplies of the properties as the prop made from as 3-layer sandwich of foams. Easy-

warranty.

Look into Olympique at your SkiDoo dealer's. You'll see more than a
machine with an illustrious past, You'll
find a snowmobile that will stand up
to whatever you give it, winter after

AN IMPORTANT MESSAGE FOR

UNINSURED MOTORISTS

The uninsured motor vehicle fee is \$40 this year and must be paid when you obtain your 1974 vehicle registration, if you have no automobile insurance.

REMEMBER:

You are not buying automobile liability insurance when you pay this fee. The Motor Vehicle Accident Claims Fund protects accident victims, not the uninsured motorist.

You must have adequate automobile liability insurance to be safe, and protected against tragic financial loss if you should cause an accident.

Grey Cup Boost

Saturday's Grey Cup parade in Toronto ought Belleville to the attention of a wider

Thanks to Don Foster and his troups of comics, trick-riders et al, the city re-ceived some excellent publicity.

A letter from a Vancouver couple who ratched the parade is indicative of the in-erest generated in our community.

As the letter, which will appear short-

indicates, these Westerners were more observant than most in acquired about our erable amount of information about our minity - again thanks to the presence

of the Foster clan.

In this regard too we are reminded of
the excellent work of the Belleville Yardmen's drum corps, a group of fine young bandsmen who have made quite an impact and in the United State

As a community we are fortunate in ambassadors such as these. Who knows what future benefits will accrue to us in the form of new residents, industry and so on-

Local Legend

No Gold in those Deserted Acres: so ran the head on a recent story of buried treasure at Chuckery, a deserted farm commun-ity on the Upper Glenora Road.

Pictured was a shuttered dwelling that once was the home, so it is said, of a man who went to the Klondike and returned with gold. None however has ever been round where legend said it might have been

Interesting though is the house itself. for it is akin to so many other homes in Ontario which have long since been abandoned. As one looks at them visions of the life and activity of earlier days hover before the imagination.

Many a home remains though throughout the province in which the elderly and citizens who are none too well off cling to the contemporary scene, but often apart from it in terms of the rush of modern life and the materialism that motivates society at large.

exorable laws of change have passed by, yel who in their time played their part in de veloping the land and society we have to-day.

Faulkner Walks Unionist Tightrope in Ulster

LONDON (CP) — Brian author's leadership of the Ulier Unionist Party has surived a crucial vote but while
se wafer-thin victory keps;
ive the idea of sharing powerith the Roman Catholics, he is
ft to negotiate from a position
[weakness.]

of weakness.
The former Ulster prime minliter dismissed-claims by oppo-ments within his party that they had scored a "moral victory," but many outside observers were inclined to agree that they nost never within inches of tak-ing over the party leadership unless Faulkner watches his

ponents.

Now, more specifically than
ever committed to a tough Unfonist line, he returns to talks
with the mainly-Catholic Social
and Democratic Labor Party
(SDLP) and the small non-sectarian Alliance Party.

Liquor and the Student

a society ruled by temporal authority.

In Belleville recently, we have been expased to the specialise of high moral motivation calmly (In some cases almost hysterically) proposing that certain people be prevented by the proposing that the proposing that the proposition of the propositio

The Intelligencer
The "Rule of Law" is a deeply ingrained part of our sociel philosphy. It implies that once a law is passed, all of society is to be governed by it equations, the weak, the partisan and the neutral. So it is that even when unpopular laws are passed, laws, for grample which send our youth late ware. Law of the partis of the parties o d. They are unaware of the facts of life in colleges and

facets of life an courges and universities.

Bot let us all bink twice before Bot let us all bink twice before both and the produces a right of the and their predecessors were successful.

Some, of them and their predecessors were successful bink of the sound before the bink of the sound before the sound bink of the sound before the sound bink of the sound before the sound bink of the so

20 VEARS AGO

November 28, 1933. Everything is in readiness for setting up the British Empire Dairy Show in the market room at the city hall, it was reported this morning by cheese show

officials.

The St., Lawrence Construction Co. of Billevilla will build the new Tweed post office, it has been announced by the Dept. of Public Works, Ottawa. Tender price of the Belleville firm was the lowest, at slightly over 350,000. There were nice tenders submitted.

30 YEARS AGO November 28, 1943.

Nyember 28, 1912.
The Corporation parchased 25,000 of bonds of the Fith Welcory Loan according to a report of the Finance Crimities abred at the agreement part of the city Couldit. However, it was necessary to sell \$5500 worth of the Dominion of Crind Thrif Wictory Bagista the Basic of Montreal in order to mike a purchase in this loan. The committee made, a small profit on the transaction.

I swear it's the only machine I'll ever buy!

That's why I chose the Bernina in the first place-it's the only machine I'll ever HAVE to buy! I investigated and tried all makes and models of sewing machines and -1 bought a Bernina the one-in-a-lifetime machine. Bernina is quality, the finest on the market, made to last and last with no 'planned obsolescence features that make 'trading up' a constant necessity.

Bernina always . . .

sews a perfect stitch on any fabric • makes perfect button-holes • sews perfect blind-stitch, overlock, embroidery with a hand-finished look. needs tension adjustment, whatever the fabric.

BERNINA

SHOP AND SAVE AT BEAVER LUMBER

Power lools are not toya! They should be kept out of the hands of young children.

If you are about to use a power saw for example, remember:

1) Before you start, check the material you are going to cut for things ake rails, bolls or even knots.

When actually cutting, use a ow, even motion to prevent inding the blade.

Boost For Reservists

The new defence program involving a substantial boost of Canada's reserve units is good news for militia units such as the Hastings and Prince Edward regiment here.

Included will be higher pay scales, new iforms and equipment, along with a campaign to bring the reserves up to their auth-orized strength of 23,000. There will be clos-er liaison with the regular forces and pro-vision is also being made for greater reservist participation in such roles a East peacekeeping and with the anv.

Germany.

Behind this new surge of activity in the reservist sphere is the forces energetic chief of staff, Gen. Jacques Dextraze. His recent insistence on regular physical fitness workouts for officers and men alike, and particu-iarly for anyone showing signs of overweight and flabbiness, is a measure of the man.

and flabbliness, is a measure of the man.
A seeming contradiction is evident in
the \$3.2 million to be spent on million
hardware such as mortars and anti-tank
weapons. Because tanks are out before
weapons. Because tanks are out before
weapons. Because tanks are offened by the
fliddle East hostitities said in recent days
that Canada is not replacing its aging Centurions. For one thing, nopody anticipates any such inacet of warkine occurring
on this continent tank weapons would be
for use in other theaters, it, need be, alfor use in other theatres, if need be, al-though even that is highly unlikely.

In any event, the forces now seem a much more attractive prospect for reservists and regulars ailite. Certainly with a man like Gen. Dextraze in charge, our men are not being allowed to let the grass grow under their feet.

A youngish image too is being projec-ted at the command level of the reservists brig. Gen. G. H. Sellar, the director-general of reserves and cadets, is 50. Formerly in charge of land forces at Defence Headquarters and before that, commander of the base at Lahr in Germany, Gen. Sellar earlier this year conducted a crash program to revive the reserves.

Socialists Parley
It is hardly surprising that two socialists should get logether to compare notes.
But when one is the premier of British Columbia and the other is Part Quebcook Seder Reme Levesque then it is notable indeed.

. David Barrett is not only a socialist but a federalist which of course Mr. Levesque is not and has made this quite clear in conversations in Montreal with the B.C.

Nevertheless that Mr. Barrett is dissolv-ing some of the isolationist tendencies Ing some of the isolationist tendencies which gave his province a separatist image of its own is all to the good. That he is talking to Quebec's leading socialist and, despite his defeat in the recent Quebec election, one of the most powerful men in that province, introduces a new and not unattractive element in "candian politics."

As Mr. Legenous schowledges. Mr.

As Mr. Levesque acknowledges, Mr. Barrett is "one of the most stimulating things that has happened to Canadian politics in many a year."

While clearly socialism is not everyone's cup of tea in Canada, its philosophies are playing a big role in the continued life of the present minority government

No Longer Shocking

No Longer Shocking
If proof is needed of the licence that
more than ever today grips the world of
movies and contemporary writing, the comment of a New York Supreme Court judge affords it.

affords it.

DRIFT-BUSTERS-powered to please!

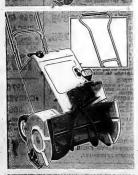

. HEAVY-DUTY 28" 8 h.p. Snow Blower

This dual-stage, gas driven Mastercraft model gives you a 3 speed, winterized Briggs & Stratton engine with the power tout as big 25° path through the deeped drifts. 16° diameter august feeds snow into a 4-blade impeller. Crank-operated BW throw-thou with adjustable defector. Separates throttle and choke. 3 forward speeds, neutral and 'deadman' clutch in reverse. Enclosed transmission. Complete with drift cutter.

Dual-stage 5 h.p. Briggs & Stratton engine, Uni-Trol operation lets you select forward, neutral or reverse gears without a separate clutch. 8" diameter, 3-blade impeller. 12" without a separate clutch. I distinct, Joseph and plates 12 idea (diameter double-lead auger with separate clutch. Adjustable 180° discharge chute. 10¼" semi-pneumatic tires to pull you through when the snow flies. A compact, rugged little machine that handles like a bigger model and stores easily. c. 26" HEAVY-DUTY-SNOW BLOWER

5h.p. dual-stage Mastercraft model with 12° x 3.50 tread-grip tires. 12° impeller and 16° auger. 180° 399.95 throw chute.

. COMPACT URBAN 18" Snow Thrower

Here's a city slicke that will clean-up sidewalks and drive-ways without effort. You get a single-stage, 3 h.p., 2-cycle Tecumsch motor. The clutch features centrifugal overload. The all-steel, 10° auger has 90 pinpoint ejection and 5-position deflector vane. Moisture-proof ignition plus an over-size rewind starter for cold weather 'go'. 5' solid rubber tires plus adjustable slide shoes to prevent gouging.

SNOW BLOWER ACCESSORIES

Tire Chains for 28" Heavy Duty Mastercraft (A) give added 'bite' in snow. Pair Electric Starting Kit for 28" Model Tire Chains for 18" Mastercraft unit (B) are easily installed. Pair Chains to fit 26" Mastercraft
Snow Thrower (C) ensure extra traction. Pair

Bulldozers Working on Standard Paper Box Company

Thurlow Building Booming

Since 1968, the average cost of homes built in Thurlow township has increased tremendously as have the number of houses constructed. According to figures supplied

by the building inspector's office, the estimated value of homes built in the last five years excluding 1973, is \$4,140.50?. Average prices have increased from \$10,000 in 1986 to \$22,341 in 1972, more than a 100 per cent increase. This year, till Oct. 31, figures indicate the averageprice of a home, based on 57 bousing permist issued on an esbousing permist issued on an es-

timated value of \$1.483,600, is \$28,028.
This year, \$2 per cent of 100 permits issued were for residences, in line with the previous year when \$1.5 per cent of permits were for homes.
It is still to early to tell when

ther the number of housing starts is slowing down and a trend is developing. Thurlow reached a peak housing construction year in 1971 when 84 per cent of permits issued were houses with a total estimated value of 31,845,100, the highest in recent years. In 1586, only 36 per cent of permits issued were for houses totalling 3231,288 in

Real Estate Activity Growing

This year, Quinte area real es-tate activity has shown an in-crease over the same ten months of 1972, according to statistics provided by Gerald Joyce, Belleville and District Joyce, Belleville and District Real Estate Board president. Multiple Listing Service fig-ures, considered to be the indus-try's barometer of business ac-tivity, indicate 54 per cent of 41 properties listed were sold for \$5.90,000. This is up from last year when, as of Oct, 31, 47 per cent of 437 listings were sold for \$2.90.000.

\$4 758 000 Listings do not show the kind of property sold, whether house or farm, Nothing is available as to the number sold outside the service in the Quinte area, al-though year-end figures will be provided by a governmental

agency.
"Despite not having a lot of merchandise on the market," said Mr. Joyce, "Dollar sales said Mr. Joyco, "Dollar sales have increased 38 per cent this year over last year."

"The real estate market has been very active. There's been an unprecedented demand from Metropolitan Teronto buyers who want farms with or without

buildings."
- Some Toronto buyers are no doubt speculating on a long-term. basis, he said. However, others

ational purposes - either as a summer retreat or a winter playground.

All ask for water frontage with quaint, but solid, buildings, but will take 100 acres of "scruf-

Speaking of house prices in Seleville. Mr. Joyce felt in-creases experienced by home-buyers over the past several years are likely to continue. Limited supplies of serviced building lots in Belleville, higher prices for construction materials, and the skilled labor beet are have combined to drive A west end house was sold by a builder for \$25,900 in August, 1971. That house was sold in September, 1972, for \$27,000.

loi-without curbs or aldewalits, paved road, or water and sewers. Putting in water and sewers, Putting in water and sever pipes added \$1,000 to the \$8,000 he paid for the lot in north Belleville. Last year, became lot was worth \$5,000.

The unprecedented consumer chemand for homes has already the salready the salrea been boosting price tags, says the realter. He cited examples:

bought from a contractor for \$24,200 in August, 1971. A subse-quent buyer paid \$25,500 in March, 1973.

March, 1973.

In north Belleville, a compact
20-year-old bungalow was porchased in November, 1970, for
\$17,500. In 15 months, March,
1972, that same house was sold
for \$21,000.

for \$21,000.

That's not a unique case, says
Mr. Joyce.
Looking at a 10-year-old \$20.

Looking at a 10-year-old \$20.

Experience has shown that an annual increase of eight perone has to bear in mind physic-al depreciation and architectur-al obsolescense, as well as im-provements made to the house in the normal course of ov ship. These factors would

Brokers Help Get Mortgage

For conventional high-ratio propriagase, money is tight, aso local realizers. However, it is available if the broker a horn-owner consults knows the right doors to kpock as any Norma Money exists. May be a supported to the constitute of the constitute of banks, trust poorpanies, and private sources to provide the homeburer with

funds.

A recent A. E. LePage Realty
Ltd. survey indicated the tight
supply has eased stightly since
the previous money shortage.
First mortgage funds for presold
and mattle beaute. and resale homes are generally available with an interest rate averaging ten and a quarter per cent per annum for prime pro-perties. However, property other than prime is still proving difficult to mortgage.

difficult to mortgage. Earlier in the year, the com-pany's report indicated funds were meager with some lenders completely out of money. It noted rates of 10% to 10% per cent are general with 10% being the rate in some areas for older

properties,
Another losal realtor was recently advised by the Bank of
Mostreal that the prime interest
rate is ten per cent. However,
money for merchant builders,
those building homes on their
lots using their plans, is limited
for the bank's own customers.
Currently, Victoria and Grey Currently, Victoria and Grey Trust offers mortgage money at 10% per cent. However, specific interest rates an individual homebuser

will be subject to vary. Much depends on the borrower's flouncial status as well as the lot and house fie plans to buy. If a house is on a lot serviced by roads and sewers a borrower would be eligible, for the prime rate and the plans and the services are buy to the prime rate and the plans are buy to the prime rate. er would be eligible for the prime rate, says Mrs. Bland. But owning unserviced land, ten miles into the country, would bogst the interest rates. If a reputable builder con-arructs the home, the interest rate also improves.

rate also improves.

Only a realitor can take a homebuyer to the best lending source, says Mrs. Bland, since there are many ways of linaring a conventional mortgage that require the prospective buyer to put down a minimum ten per cent of the eventual cost

ten per cent of the eventual cost of his home.

"A lot of people in Belleville don't realize that they could buy a more expensive house than they are planning to. They should set their sight higher After all, it's the largest single purchase they're likely to make in their lifetime."

Union Amasses Assets

REGINA (CP) — The eredit union movement in Saskatche-wan has accumulated a record \$725 million in assets. Co-oper-atives Minister Neil Byers asys the money, which belongs to more than 309,000 members in 312 Saskatchewan credit unions. per inember of \$1,902, the high-lest average of all provinces.

Housing Building Restricted

Lack of serviced land, com-bined with an apartment-re-stricting bylaw passed by coun-cil in February, has limited con-struction of housing units in Believille this year.

Believille this year.

Unprecedented consumer demand, almout to the point of
"panic buying," is one local
builder noted recently, has increased the rate of acceleration
of bousing costs, Nationwide
abortages of skilled labor and
building materials have also
contributed to price increases.

City builders claim a lack of

contributed to price increases. City builders claim a lack of land in Believille precludes control to meet demand. There is developable land in Thurlow and Sidney townships. However, problems surrounding payment for necessary extension of water and the problems are controlled to the control of the control

siderations saide.

If a prospective homekupt is a rouge circuit has been a ready and a re

Take 2
"The problem with rural lo a is that prices are going sky high," and Quinte Planning Board long-range planner Stewart Murray. "It's to the point that its almost as expective as buying in the city."

In the Oak Hills area, when developers have followed produced the problem of the prob

subdivisions have not been approved by the government,

approved by the government, says the planner.

In Belleville, as in the town-ships, builders and developers are waiting to see how their land will be affected by the official plan. However, catifored the planner, it is difficult to deter-table the order to which all such

planner, it is difficult to deter-mine the extent to which all such factors affect builders. Those wishing accommo-dation in the city may have to look harder and longer for it in

nume. Despite the steadily in-creasing number of units built over the last five years, reaching a high of 603 in 1872, during the first six months of this year only 70 units have been planned, city building permit figures indicate, take 3

An amendment to a city zoning bylaw permits nothing over a two-family dwelling in two city areas roughly bounded by Church and Bleecker, and Dun-das and Pine Sts. in the east-and Coleman and Sidney, and Dundas and the CNR tracks in the weet.

Sidney Growing Fast

During some five years he spent as Sidney Township building inspector. George Caves experienced a "terrific amount of growth in the first two concessions helmans." Townson controllers helmans. ons between

Believille.
"I was part of it, I experienced
the growing pains," the former
Sidney inspector said. Recently,
he assumed responsibilities as
building inspector with Hastings

"Perso growth between the two cities

can be attributed to the belled of people — and it's only an assumption — that services will be extended eventually—from Tren'on and Belleville."

The public desires to get services at an earlier date than they would if they located farther north in the township, says the impactor. At present, mentioned the present of t

Present Sidney building in-spector and former part-owner of a Trenton-based construction company, John Wiggers doubts that the rate of growth can in-definitely continue, although he says the township is lucky to possess the great number of building lots it does.

"I don't think there is going to be a heavy increase in the number of residences." he says. "The township has one draw-back. It doesn't have enough industry to stimulate housing

construction.
"But it's really amazing what building lots are available. In Trenton, small contractors cannot get lots." Mr. Wiggers estimates that 75

per cent of building permits past five years were for resi-dences. Issuance of permits has increased from 267 in 1969 to 355 In 1972. This year, as of Oct. 31 389 permits were issued

Only-three building permits, allowing 20 spariment units, were issued in the first six months of 1973.

A local real-or, himself the sole or part owner of 84 apart-

ment units, says he does not be-lieve his, vacancy rate is over one per cent. A normal vacancy rate is estimated at five per cent of available units, this, due to the normal movement of people.

Shortages Slow Building in Belleville

been calling a "critical shortage of serviced lots" and the increased costs of material and labor in the city is likely to boost the price of new homes

Earlier this year, a housing report, endorsed by Believille's Subordinate Planning Advisory "> Committee, pointed to the supply of land as the most "critical element" in housing costs.

Ray Michol, author of the re-port, told the committee land costs are the root of the housing Another facet of the problem,

stated the report, is that a mor poly situation exists in Believille with a few large developers con trolling available land, An "arti ficial increase in cost" is thus

Municipal land banking would not provide immediate results because most of the land in and around the city is in developers' hands, says the report

Builders claim Belleville is Builders claim Betteville is moving into the homebuilding background in the Quinte area. Since serviced land is not available in the city, homebuyers are looking into the teamships, especially Sidney, for home building sites. The result is that Belling in the city homebure are wither in coloning assessment re-

R altor Gerald Joyce. Belleville Real Estate Board president and former alderman, has said the first thing an Industry looks for when they come to a unity is accom for is employees

Because there is such a hous-ing thertage, the growth of the ing thertage, the growth of the entire Quilte area is being but. It is not looking attractive to industries, claims the realiza-hortage, he said the inadequate supply of serviced land is re-stricting the 'home building industry, thereby reducing the number of homes on the market. There are a few sites in the city's west end, but since there city's west end, but since they are situated on shale rock, ex-

Many Ways to Obtain Mortgage Money

When a prospective home buyer peers into his bank book ore often than not, that balance is far from the amount needed to buy a house. After the initial disappointment, if the homebuyer still

wants a roof over his family's head, his thinking must turn to acquiring a mortgage. To these shoppers, basically, four types of money are available for new or existing houses in Belleville and the surrounding townships. Although the money rille, but across Canada, a house sources are tapped.

ources are tapped.

Two government programs supply money to prospective homebuyers, besides the conventional high ratio mortgages. Funds can be obtained through the National Housing Act Assisted Home-Ownership Act Assisted Home-Ownership program, administered by the Central Mortgage and Housing Corporation. A recently an-nounced 'Ontario government plan will also provide low-cost mortgages to builders willing to construct "no-frill" housing on

Ontario government low-cost mortgage money for construc-tion of "no-frill" bousing has not

tion of "no-frill" bousing has not made a ubstantial appearance in Belleville, but once here, it will make homeburing for the Quinte public cheaper.

A recently announced plan by Allen Grossman, revenue minister responsible for the Ontario Results Conception, will non-

The plan would provide for 95 per cent of the value of homes ranging from \$28,000-\$33,500,

ranging from \$28,00-33500, land inclusive. To qualify, buy-er's incomes must be Jess than \$12,500.

Such mortgages would be available at the preferred rate of \$75 per cent. \$0.750 at percentage point lower than the \$5.5 per cent charged on National Houseing Act loans. The program would be restricted to \$25 per cent of houring in any new subdi-

come earners a greater opportunity to purchase homes. Young families would get a start by owning their own home they could later improve when their salaries increase. A house and lot could cost A house and sot could cost Believille residents less than it would homebuyers in other parts of the province. Because land is cheaper here than in To-ronto, the over-all costs may be lower. Under the program, the first 60 homes will be built in Bow-manville.

Dear Friends

It gives me great pleasure at this time to thank each and everyone my friends and business associates for the beautiful flowers, cards and dietters which I received while in Kingston General Hopital.

There are no words than can express by appreciation for the kind ughts of my friends while in the hospital, as each card, letter and ress meant a great deal to me and gave me encouragement during my sex

I would like to take this opportunity also to thank my doctor and friend, Dr. Fred Connell, and all staff connected with him wherked so faithfully to help me regain my health.

Also, I want to thank the nurse's, nurse's assistants, orderlies and all the staff who were so kind to me, and who are performing such a wonderful job for everyone who enters Kingston General Hospital. May I take this opportunity to wish each and everyone health, hap-piness, A Merry Christmas and a Prosperous New Year.

Fire Hazard

That there were no fatalities in Wedday night's blaze in downtown Belleville is fortunate indeed.

Constable Bob McAlpine's heroic work Contable Bob McAlpine's nerole work in receiving is young woman and her two children came not a second too soon. Tool there were cereams coming from the rear apartments. the constable displayed great presence of mind, not to say agailty, in climbing up a television aerial to bring the family to actify.

Although the life was on the fringe of the downtown area, in what an older citizen the common area, in what an older citizen

tells us was a creamery many years ago, it demonstrates once again the vulnerability of the business area where there have been a number of outbreaks in recent years.

Meanwhile, consider another aspect of fire hazard in Belleville which has arisen with the evolution of latter-day housing

There are eight apartment buildings n Belleville where, were there a fire tomor-ow, Chief Leo Culhane admits he wouldn't now what to do.

It's a frightening concept.

The buildings are high-rise buildings they share the universal fault of high-

ris buildings across the world. They simply can't be adequately protected in a fire. The problems are obvious, even to the layman. Extension ladders aren't long emough, elevators jam at fire floors and fire-

men are hampered on their way up stairs by residents trying to escape the blaze. The National Research Council has shown that five minutes after the first floor of a high rise building becomes filled with smoke from a fire the entire elevator shaft smoke from a fire the entire elevator shaft and lower four staincases are uniterable. The smoke level is critical on the second floor. Aften ten minutes staincases on the first eight floors are filled with smoke at a dangerous level. After 15 minutes survival is impossible in up to the first 12 stairways.

No stairs and no elevators.

What can be harmen them is not continued.

What can happen-then is not conjec-ture but grim memory.

Just a year ago news programs were filled with the pictures and sounds of oc-cupants of a New Orleans high rise building jumping to their deaths or burning to death while screaming for help from the windows of those high-rise offices.

Now, in tune with the growing aware-ness of this high rise hazard, Belleville's fire department is pushing for the adoption of regulations which would force the inclusion of the one thing than can keep that from

A sprinkler system, installed during building construction, would solve the problem.

protein.

A simple solution ,but one which is running into opposition from the builders. Chief Culhane argues in favor of the regulations with the eloquence of right: sprinkler systems cren't an expense—they're a protection of human life. He adds that no matter vait the cost, if one life is ed the cost is repaid.

spared the cost is repaid.

There's not much now that can be done
for existing buildings. But we can avoid
compounding the problem by adopting
those regulations Chief Culbane has been
working for and become the first numelipailty in Ontario to adequately protect its
apartment dwellers.

On Fitness

What's this we hear about 60-year-old Swedes being in better physical shape than 50-year-old Canadians? Makes us think of the ad for a Swedish-built car which says "we build them the way we do because we have to." That is, to last in a tough climate. The same as shows eiters ordered some their thing in the sauna bath and . . . yes, looking pretty fit. It's true enough, Can-adians generally are a long way from being as physically fit as they might be.

Dutch Queen

It was Queen Julian of The Nether-lands who spent the war years in Ottawa. In the collorial, Royal Legacy, Wednesday, we inadvertently referred to the monkerh as Queen Wilhelmina, who was the former sovereign. However, Julians, her only daughter, also bears the name Wilhelmina.

Licence Time Again

Those applying for 1974 licence registration will have an easier go of it this time. Gone are the days of scraping knuckles out in the cold while changing the plates along with the usual string of curses that results. Mrs. Hazel Grills shows haw easy it is now. All you do is peel off snows naw easy it is now. All you to a peer on the red sticker and place it on the designated spot on the rear plate. The licence stickers for vehicle registration go on sale tomorrow at the licence bureau on Front Street.

Peronists Claim Inflation Beaten

BUENOS AIRES (Reuter)
— Argeolina's new Peronist
rulers claim to have removed
the fear which baunts nearly
every government in the
world—monetary inflation.
The achievement, if it lasts,
will be the more astorishing
in Argentlass which until
of the highest inflation
rates anywhere.

free months, nothing-shall it.
